RESOLUTION.

Simla, 19th A 1882.

Read a letter from the Comptroller Genl, No. 8226A., dated 7th March 1882, submitting for sanction the following proposals regarding the adjustment of disbursements on account Captain Cole's Curatorship of Ancient Monuments:—

- 1st.—So far as charges are borne by Local Governments, to let the Local Governments sanction and arrange them as they think proper. If they are incurred by the Public Works Department, they will be borne by the Public Works estimates; if otherwise, by a charge in the Civil Estimates—Head "Minor Departments."
- 2ndly.—So far as the charges are borne by India to debit them all to the Head of "Grants" under 18, *Minor Departments—Care of Monuments of Antiquity.* If the Local Government undertakes the work, but receives a grant-in-aid to carry it out, the actual expenditure, to the extent of the grant-in-aid, should not be charged locally, but be passed on through the Civil Accounts to debit of India. Charges incurred by the Public Works Department of India should similarly be passed on for debit in the Civil Accounts.

RESOLUTION.—The Governor General Council concurs in the view that it will be of great advantage to have all the expenditure incurred by India under this head thus brought to a single focus, and that it is not worth while, in the case of these exceptional charges of small amount, to adhere to the usual rule that expenditure by a Public Works officer should go into the Public Works Estimates. As the work is centralised under Captain Cole, an officer of the Civil Department, it is desirable that the charges immediately incurred by him should be centralised also; and in this view His Excellency in Council is pleased to sanction the Comptroller General's proposals.

ORDER.—Ordered, that this Resolution be communicated to the Public Works and Home Departments, to the several Governments and Administrations, to the Comptroller General, and to the several Accountants General and Comptrollers.

Off. Under-Secy. to the Govt. of India.
