PROCEEDINGS of the MADRAS GOVERNMENT.

from the P. W. Dep^t of 19th May 82 to 1106.C.

the Surgeon General with the Gov^t of
Madras d^y 24th May '82 R^d of H.S.

With reference to letter L^o
531 of 13th May from the Superintending
Engineer Sth Circle forwarded with your
Endorsement L^o 144 of the 22nd May, I
have the honor to state that original
sanction was given to the construction of
strong rooms for violent European patients
on a site selected for the purpose.

2. When the plans came before me I objected to the expenditure for this purpose and informed Government that we required more urgently two cottage rooms for the better classes of European males and two for females, and Government sanctioned the substitution of these buildings in lieu of the strong rooms originally proposed.

3. As the class of buildings was changed so necessarily were the sites for their erection. The Superintendent of the Lunatic Asylum informs me that the Contractors wanted to begin building on the site originally chosen for the strong rooms for Europeans. This would have been highly objectionable as the original site was placed a long way off from the other cottages and the site chosen by myself for the cottage for male Europeans is in a line with the cottages already existing near the Criminal enclosure and between the existing cottages and a tank so as to have the supervision of this class of patients under efficient control.

4. The site chosen for the female cottages is of course within the female enclosure and will be pointed out to the officer of the D.A.W. by the Superintendent of the Asylum.

2. The Surgeon General will lose no time in carefully instructing the Superintendent of the Asylum in regard to the sites.
