

2. 187.

Explanation of necessity for reappropriation.

No. 1021. W.

It was reported by the Superintending Engineer 5th Circle that in the fringe post provision a further allotment was required under Military Repairs (Item No. 1 within) in order to meet the charges on account of house rent for Military and Medical subordinates. To meet this demand a transfer of Rs. 527 from the allotment for minor works was absolutely necessary.

A sum of Rs. 2500/- was granted in G.O. No. 174 of 23rd January 1882 for the Bellary water supply project as represented to the Government of India in G.O. No. 372 of 10th February 1882, but owing eventually to the work which was intended to be done being considered unnecessary as reported by the Sup^r Engineer 3rd Circle, the allotment was retransferred to the minor works grant in order to meet certain demands under the latter head.
