

N<sup>o</sup> 331

Superintending Engineer's Office Madras  
Bellary 29<sup>th</sup> May 1882.

From,

Major J. Pennycuik R. E.  
Superintending Engineer  
3<sup>d</sup> Circle

To,

The Chief Engineer P. W. D.  
Madras.

Sir,

Enclosure.

1. Service Book  
(To be returned).

I have the honour to request that the sanction of Government may be obtained to the exemption of Mr. M. D. Rosario, draftsman in this Office, from the examination rules so far as to enable him to be appointed to the post of 1<sup>st</sup> Class Draftsman, though he only possesses a 2<sup>nd</sup> Class Certificate.

2 I have taken all possible measures, both by advertisement and otherwise, to obtain a qualified man for this post, but without success; the result is that for the last <sup>five</sup> ~~two~~ months Mr. D. Rosario has been doing the whole draftsmanship work of the office without assistance.

3 The head draftsman in a Superintending Engineer's Office has not much actual drawing to do, and

and the qualities which he does require, industry, method,  
and intelligence, which are not tested at the S. E. College,  
Mr. D'Rosario possesses in a high degree.

4 He passed in July last the examination in  
the P. W. Code prescribed by Chief Engineer's Circular N° 1053  
dated 8. April 1880.

5 His Service Book herewith forwarded  
shows a favorable record, and I consider him to be in  
every way qualified for the higher grade.

6 Should the proposal now made be  
sanctioned I request that the appointment may have  
effect from the 1<sup>st</sup> January, the date since which  
Mr. D'Rosario has been the only draftsman in the  
Office.

I have the honour to be  
Sir,

Your most obedient Servant  
R. E. Major R. E.  
Superintending Engineer 3<sup>d</sup> Circle.

B No 144374 d/o 10<sup>th</sup> June/82

Under the circumstances stated, the recommendations of the Suply. Engrs. in paras 1 and 6 of the foregoing letter are sanctioned.
