From

The Consulting Architect
to the Government of Madras,

To

The Chief Engineer, P. W. D.
Roads and Buildings branch.

Sir,

Enclosures.

I have the honor to acknowledge the receipt of your G. O. No. 1223 W dated the 15th May 1882 regarding the conservation of Ancient Monuments in Madras, I conclude that the restorations of Tirumal Naick's Palace and such works come under this denomination.

I would beg to point out that the works of Tirumal Naick's Palace during the past 12 or 13 years have been carried out by me. Against the opinion of several professional men I demonstrated practically to the satisfaction of Government that the restoration of the old Palace was feasible. I have carried on the works during the said period without accident of any kind, and I have identified myself

to the undertaking by reading a paper
on the subject before the Royal Institute of
British Architects in London, I would further
respectfully point out that the act of placing
me in a subordinate position after 23 years
service to an Officer of Captain's rank standing
as I consider tantamount to the expression
of want of confidence in my professional
skill which I scarcely thought I merited,
and I would earnestly solicit that the Govern-
ment would be pleased to make over the
whole work to that Officer relieving me
of all responsibility in connection with it.

I have the honor to be
