

Report to accompany Mr. W. L. W. W. W.
Engineer of Tishon's application for
examination in accordance with para
153 of the Public works Code.

During the time Mr. Tishon has
been employed under my orders,
I have found him physically
energetic and efficient as far as
his practical work is concerned.
He requires experience in Delta
works. He has the capacity of
managing those under his
authority.

Duggirala } J. D. W. W.
19th September/81 } Executive Engineer
and of section District.

I agree with Mr. W. L. W. W.
Mr. W. L. W. W. has proved himself
a capable assistant, and has been
fully successful in the management

ment of his Sub Division.

J. W. Randall
Superintendent of Works

From

Messrs J. W. Randall, Superintending Engineer
and J. D. Grant, Executive Engineer.

To

The Chief Engineer,
Public Works Department.

Sir,

With reference to your Memo. No. 2210
dated 23rd Ultimo, we have the honor to report
that we have this day examined Mr. C. J. Usher
Assistant Engineer, in accordance with para
154 of the P. W. Code.

2. Mr. Usher was asked questions
regarding well foundations, the construction
of arches, and precautions to be observed
in striking centres, also to specify verbally
for building arches in rings and for concrete
work. Mr. Usher possesses sufficient know=
ledge on these points.

3. Mr. Usher was also called on to
make a rough drawing on section paper

of an Irrigation sluice shutter with screw
gearing, giving dimensions of all Iron work.

Mr. Usher's design, in this Case, was defective
in some details, but he possesses general know-
ledge of what is required.

4. Mr. Usher was asked questions regard-
ing the proper culture of work by various
laborers, his knowledge was good on these points.

5. Mr. Usher was also examined in the
system of accounts. He possesses a good know-
ledge of the initial and Sub Division accounts,
but as regards the Divisional accounts, was not
able to trace an item from the Cash Book
into the account Current.

6. On the whole, therefore although in
some respects Mr. Usher requires more prac-
tical knowledge, we are of opinion that he
may be considered qualified under para. 154.

We have the honor to be
Sir,

Your most Obedient Servants.

J. W. Burdett
Superintending Engineer.

Camp. Bapatla.
27th May 1882.

From

C. J. Visser Esquire

Assistant Engineer in charge

Western Sub Division Kistna Western Division

To

The Chief Engineer

Public Works Department

thru the Superintending Engineer
2nd Circle.

Sir,

I regret to observe from the Fort Saint George gazette of 9th May, that my promotion to 1st grade of Assistant Engineers has been antedated from 1st January/82, and not from 1st October/81, as I had reason to hope would have been the case.

2. I received the circular No 2010 dated 30th August, on the 15th September last, and at once applied to undergo the required examination, at the same time informing the Superintending Engineer that it might be of some consequence to me to have the examination held before the 1st October. The examination

Examination was not, however, held until the middle of the following month.

2. I fully acknowledge that I was to blame for carelessness in not having applied to be examined until reminded of the necessity by Circular No. 2010; but I would respectfully submit that being superseded by two of my juniors is, relatively to the offence, a very severe punishment, and I trust that, on re-consideration, it may be mitigated.

I have the honor to be

Sir,

Your most obedient servant

C. S. H.

Assistant Engineer
