No. 108.

READ—the following paper :—

Report on the Fort of Vellore for 1881 by W. R. NORRIS, Esq., Executive Engineer,
North Arcot Division, dated 1st June 1882, No. 415.

The fortification was inspected on the 27th April 1882 in company with the
Officer Commanding and the Staff Officer of the Station. They were of opinion that
no repairs were necessary to the walls of the fort, and with this I fully concur. Some
small trees and shrubs growing out of the walls here and there should be eradicated;
this can be done by a few coolies at a cost of about Rs. 25, but recently it has been
ordered by the Military authorities that no expenditure should be incurred either on
new or old military works, it being under contemplation to abandon Vellore as a
military station, so that now no estimate is necessary.

No. 202.

Endorsement on the above.

Forwarded to the Chief Engineer with reference to G.O., No. 1806 W., dated
29th July 1880.

The Executive Engineer has been directed to have the trees and shrubs growing
on the walls removed.

OOTACAMUND,
5th June 1882.
