19TH MAY 1882, No. 115, MARINE.

GOVERNMENT OF MADRAS.  
MARINE DEPARTMENT.

READ—the following letter from the Secretary to the Government of Bombay, to the Secretary to the Government of Madras, Military (Marine) Department, dated Bombay Castle, 8th May 1882, No. 323 C.W.-786 of 1882 :—

With reference to my letter, No. 267 C.W.-659, dated 19th April 1882, I am directed to forward, for the information of the Government of Madras, copy of letters, No. 219 of 3rd May, and No. 223 of 4th May 1882, from the Director of the Indian Marine, and to state that, under the circumstances as reported by Captain Brent, this Government do not desire to take over the four barges now at Pamban.

ENCLOSURES.

From Captain H. W. BRENT, R.N., Director of the Indian Marine, to the Secretary to the Government of Bombay, Marine Department, dated Bombay, 3rd May 1882, No. 219.

I have the honor to request you will inform the Government of Bombay that a report by telegraph has this day been received from Tuticorin to the effect that the four barges belonging to the *Albuquerque* are leaky and of such weak construction that any attempt to tow them to Karachi would be futile. I am satisfied with this report, and consider no further action should be taken in the matter as far as Karachi is concerned, and therefore I propose making other arrangements for the I. G. S. *Tenasserim*.

From Captain H. W. BRENT, R.N., Director of the Indian Marine, to the Secretary to the Government of Bombay, Marine Department, dated Bombay, 4th May 1882, No. 223.

In continuation of my letter, No. 219, dated 3rd May 1882, a further report has reached me from Tuticorin to the effect that though the barges might probably be towed to Karachi during the fine season they are so worm-eaten that it would be better to sell them on the spot for what they will fetch, and I have the honor to beg that you will inform the Government of Bombay that this appears to me to be the most economical course as the expense of getting them to Karachi would be great, and it is also doubtful whether they would be found fit for the purpose required. I further beg to request that I may receive an answer on the point as soon as possible, so that I may recall the officer at Tuticorin.

ORDER—dated 19th May 1882, No. 115, Marine.

Communicated to the Master Attendant in continuation of G.O., No. 96, dated the 25th April 1882. Captain Taylor will state how he proposes to dispose of the barges.
