The sheds, shelves etc., should have been debited to the sub-head "Land and Kilns etc.", but as explained by Consulting Architect matters may be allowed to remain as they are; care being taken that the rates put on the out-turn are such as to cover the above debit.

to the Government of Madras.

To

The Chief Engineer, P. W. D.

Roads and Buildings branch

Sir,

I have the honor to report with reference
Enclosures. 1 to G. O. No. 1110 W dated the 3rd ultimo that the
total value of Stock on the Government Brick
field is as per enclosed Statement about Rs.
3294-12-9 exclusive of Land and Kilns. but
of this sum Rupees 6375 represents the value
of Sheds Shelves &c items of the same nature
as Land and Kilns. The actual value of
Raw materials and convertible Stock is Rs.
1919-12-9. As the Balance to debit at the
end of April amounted to Rupees 5043-5-4
a Capital sum of Rs. 3123-11-9 would have
to be charged off in addition to the appor-
tioning of the Raw Stock as suggested by
the Examiners in order to close the old account
and open with a clear sheet. Under these
