Irrigation.

Read the following papers :—

No. 44. Endorsement of the Chief Engineer for Irrigation, dated Camp, Cowtram,
8th February 1882, No. 14 I.

Proceedings of the Board of Revenue, dated 6th August 1881, No. 7539 Miscellaneous.
From the Chief Engineer for Irrigation, dated 21st June 1881, No. 83 M.

THE Board have not yet received reports from all districts in regard to the probable cost of preparing Irrigation Registers in 1881-82, but they think that a provision of Rs. 10,000 will be sufficient.

(True Extract.)

(Signed) C. D. MACLEAN,
Ag. Secretary.

No. 44-A. Proceedings of the Board of Revenue, dated 10th September 1881,
No. 8400 Miscellaneous.

From the Chief Engineer for Irrigation, dated 11th August 1881, No. 114 M.

THE provision of Rs. 10,000 mentioned in the Board's Proceedings, dated 6th August 1881, Miscellaneous No. 7539, is the cost of preparing *all* Irrigation Registers, whether in charge of Public Works Department or Revenue Authorities. The Board observe that although in G.O., Public Works Department, dated 9th December 1880, No. 796 I., it is remarked that the cost of preparing registers in charge of Public Works Department only should be provided in the estimate, Government have in the Revenue Department noted that any division of the cost of establishment between the Irrigation and Land Revenue Budgets seems impracticable until the question what works are to be transferred to the charge of the Revenue Department is finally decided.

2. The Board's estimate for the current year was made roughly, but according to the estimates of Collectors, which have been now for the most part received, the estimate has to be raised to Rs. 15,000, as shown below:—

	RS.
Gangam	540
Vizagapatam	360
Godavari	975
Cuddapah	1,665
Bellary	1,125
Chingleput	1,080
North Arcot	1,065
South Arcot	1,065
Tanjore	1,215
Trichinopoly	495
Tinnevely	675
Coimbatore	750
Nellore	*3,990
Kistna	
Kurnool	
Total	15,000

* Estimated by the Board. Collector's estimates not being yet received.

3. The above estimate does not include the cost of the establishment entertained by the Officer in charge of the Irrigation Registers, which has been provided for in the Public Works Department Budget.

(True Extract.)

(Signed) E. GIBSON,
Ag. Secretary.

No. 44-B. Proceedings of the Board of Revenue, dated 22nd December 1881,
No. 11018 Miscellaneous.

From the Chief Engineer for Irrigation, dated 14th December 1881, No. 243 M.

So far as the Board are at present informed a provision of Rs. 5,000 will be sufficient for 1882-83.

(True Extract.)

(Signed) C. A. GALTON,
Secretary.

SUBMITTED to Government.

2. The above Proceedings of the Board of Revenue refer to the grant required to meet the cost of the establishment engaged in the preparation of Irrigation Registers.

3. In Proceedings of Madras Government, (Revenue Department), No. 1562, dated 20th November 1880, it was observed that the proposal of the Board to debit all the charges on this account to the Irrigation Budget met with the approval of Government in the Revenue Department. To this it was remarked in Proceedings of Madras Government, No. 796, I., dated 9th December 1880, that registers were required in the Public Works Department only for Imperial works, and that the necessary provision of funds for so doing would be made on an intimation being received of the amount required.

4. The Board in their Proceedings, No. 8400 of 10th September 1881, refer to Proceedings of Madras Government, (Revenue Department), No. 4189 of 21st December 1880, (which was not communicated to this office,) in which it was remarked that any

division of the cost of establishment between the Irrigation and Land Revenue Departments seemed impracticable until the question of what works are to be transferred to the charge of the Revenue Department has been finally decided, and estimated the cost of the establishment for the current year at Rs. 15,000.

5. The rules as regards classification, laid down in Proceedings of Madras Government, No. 284 I. of 5th May 1880, have been followed, and during the past and current years Collectors in all Districts have been supervising the repairs of works classed as minor. The number of Imperial works is obviously very small as compared with that of the minor works, the proportion being 6 and 94 per cent. respectively so far as detailed lists have been received.

6. As the cost of preparing the Irrigation Registers depends directly on the number, and not on the size of the works, it is evident that if no division of cost is at present possible, the whole charge should be debited against Land Revenue and not against Irrigation; and no provision for the establishment required has been included in the Regular Estimate for 1881-82 or in the Irrigation Budget Estimate for 1882-83, which have recently been submitted to the Government of India.

(Signed) JOHN MULLINS, Colonel R.E.,
Chief Engineer for Irrigation.

No. 45. ORDER THEREON, 20th February 1882, No. 137 I.

Bellary ^{Chepauk} 25th April 1882.
Major J. Pennycook R.E.
THE SUPERINTENDING ENGINEER,

IIIrd Circle,

To

THE Chief Engineer
for Irrigation
P.W.D.

SIR,

Enclosures.

The Executive Engineer brings to notice that the Irrigation Registers of the Cuddapah District is very incomplete, and on the occasion of submission of each Estimate a reference has to be made to the Revenue Department for the revenue particulars and that great delay is thereby entailed.

2. The Executive Engineer therefore proposes to open a new Register of all tenants having an ayacut of more than 200 acres commencing from Fusti 1286 (1877).

3. I have the honour to request

that sanction may be given to the employment of a temporary clerk on Rs 20 for one month, for the preparation of the Irrigation Registers in question; which will be very useful for immediate reference in the Division Office.

4. The Registers that are under preparation in the Revenue Department are not likely to be ready for some time to come.

I have the honor to be

Sir

Your most obedt. servant.

Andrew J. Mayall
Suptg Engineer of Works

ENCLOSURES.

No. 134

Irrigation Register
of the Cuddapah Division

Requesting sanction to the
employment of temporary
clerk on 20 Rs. per month.
during the

Remark that, as in P. W. G.
Revenue Dept. No 66, dated
18 Jan. 1882, a special es-
-tablishment was sanctioned
for the purpose of completing
the Irrigation Register. The
S.R.'s report is in effect.
to employ another clerk under
the Rev. Engr. order, for the
same purpose, but with
special reference to the expe-
-dients of the P. W. Dept.

2. Before submitting the case
for the sanction of Govt., the
S.R. is therefore requested to
communicate with the
Collector, and to ascertain
whether any of the sumastars

With reference to
letter No 134 dated 25th
April/82 received from
the Supg Engr. 3rd Circle
the undersigned has
the honor to, ~~request~~
that he will be so
good as to inform
this office as to
whether the revenue
particulars required
for entry in the pro-
posed register of
tanks irrigating more
than 200 acres from
July 1286, are now
available in the
Executive Engineer's
Office Cuddapah Div.
and, if not, what
arrangements have
been made to obtain
the information from
the Revenue Department.
