28TH JUNE 1882, No. 1630 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.  
Civil Works.

No. 190.

READ—the following letter from Lieutenant-Colonel W. H. BURTON, R.E., Officiating Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 15th June 1882, No. 965:—

With reference to G.Os., Nos. 423 W. and 1211 W., dated 16th February and 13th May 1882, under which three large houses have been rented for the offices of Surgeon-General with Government of Madras, Surgeon-General, H. M.'s British Forces, and Judge Advocate-General at an aggregate outlay of Rs. 6,180 per annum, I have the honor to represent that if public offices (double-storeyed buildings) were built for these officers of the same dimensions as those heretofore occupied by them in Fort St. George, the approximate cost would be but Rs. 58,000 if built on Government land, as in Chepauk Park for instance, whereas the rent represents the interest of Rs. 95,000. It would seem desirable, therefore, to consider the advisability of building public offices for these officers.

No. 191.

ORDER—dated 28th June 1882, No. 1630 W., Public Works.

The Consulting Architect to Government will arrange for the selection of a site for the offices in question, and, when the more pressing demands on his attention already made by Government have been complied with, will frame a design for approval.

The proposal here  
made to build Office  
at Madras in the  
Surgeon General and  
J. A. Pennel is no doubt  
appropriate as being  
economical, and the  
Consulting Architect  
(after selection of the  
Site in the building)  
could submit a design  
but on the other hand  
the demands were  
before present in the  
direction are so varied  
and pressing that I  
can hardly see a  
probability of finding  
the needed funds  
in some years -  
It will in any case  
be as well to try &  
settle the question
