Local Fund Budgets.—Reviewing the Local Fund Budget of the Penukonda Circle in Bellary District for 1882-83.

To the Suptg Engr Third Circle
a Statement of Receipts

No. 218.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 23rd January 1882.
Read the following papers:—

From H. P. GORDON, Esq., President, Local Fund Boards, Bellary District, to the Secretary to the Board of Revenue, dated 8th November 1881, No. 5144.

ABSTRACT.—Submitting the Local Fund Budget of the Penukonda Circle for the official year 1882-83, together with covering letter received from the Vice-President.

From Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated Fort St. George, 28th October 1881, No. 6248.

I HAVE the honor, by desire of the Surgeon-General, to report to your Board that the sum set apart in Grant III of the 1882-83 Local Fund Budget Estimate of the Penukonda Circle for the maintenance of the two Dispensaries as per margin is adequate and calls for no remarks, save in the item of "Medical Subordinate."

2. A sum of Rs. 270 is provided for the three-fourths of the pay and charge allowance of the Civil Hospital Assistant attached to the Kalyándrug Dispensary. It should either be increased to Rs. 360* or sanction of Government should be obtained for the other one-fourth from Provincial Funds if your Board think it necessary.

* Pay	...	...	...	RS.
Charge Allowance	...	...	...	20

				30 × 12 = 360

3. No entry is made for contribution towards the expenses of the Medical College.

From Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Calicut, 9th November 1881, No. 2899.

I HAVE the honor to report, for the information of the Board of Revenue, that the Sanitary grant made by the Penukonda Local Fund Circle for the year 1882-83 is the same as that for the current year, viz., Rs. 2,500, or 20 per cent. of available income.

2. The allotment appears to be ample for the purposes for which it is intended, viz., Conservancy (Rs. 1,630) and Sanitary arrangements during fairs and festivals (Rs. 870); but it is to be regretted that improvement of village-sites and water-supply is again, during the ensuing year, to receive no attention. A sum of Rs. 2,000 appears against "Miscellaneous Public Improvements" under Grant I-b, but no details are given as to how this amount is to be disposed of.

3. It is satisfactory to note that the Vaccination grant has been increased from Rs. 2,200 to Rs. 3,270, and that it is proposed to employ an adequate staff of Vaccinators. Only two First-class Vaccinators are employed; I would suggest the entertainment of four first-class men to be in accordance with the Vaccine Code, which requires the employment of a First-class Vaccinator in each taluk of the circle.

From H. P. GORDON, Esq., President, Local Fund Boards, Bellary District, to the Secretary to the Board of Revenue, dated 29th November 1881, No. 5480.

ABSTRACT.—Forwards the Road Map and the list referred to in paragraph 6 of his letter, No. 5144, of the 8th instant.

From H. B. GRIGG, Esq., Director of Public Instruction, to the Secretary to the Board of Revenue, dated Madras, 27th December 1881, No. 5765.

I HAVE the honor to state, adverting to the Budget Estimate of the Penukonda Circle for 1882-83, that the provision therein made for Education aggregates Rs. 5,500,

exclusive of Rs. 50 provided for the Penukonda School-house, against Rs. 5,290 in the current year's Budget—

	Budget, 1881-82. RS.	Budget, 1882-83. RS.
Inspection	1,800	1,680
Training Schools	660	660
Local Fund Schools	1,100	1,130
Grants-in-aid	1,500	1,800
Miscellaneous	230	230
Total ...	5,290	5,500

2. The decrease in the grant for Inspection is due to the abolition of three Inspecting Schoolmasterships and to the appointment in their stead of an additional Deputy Inspector under G.O., dated 26th May 1881, No. 926.

3. The entry of Rs. 660 against Training Schools should be shown under "E—Miscellaneous," being of the nature of contribution to Bellary Local Fund Board for the upkeep of the Normal School.

4. The increased allotments for Local Fund Schools and Results Grants have been made at the request of the Additional Deputy Inspector, and the Inspector considers that the provision is sufficient.

5. The Educational assets of the circle amount to more than Rs. 7,000, calculating according to the estimates of the current year, and the expenditure proposed is Rs. 5,550, or nearly 80 per cent. of the amount to be devoted for Educational purposes.

THE Local Fund Budget Estimate of the Penukonda Circle for 1882-83 will be submitted for the orders of Government. Doubtless revision will be found necessary hereafter in consequence of the recent constitution of the Anantapur Collectorate, of which the area comprised in the Penukonda Circle forms part.

REGULAR ESTIMATE FOR 1881-82.

2. *Receipts.*—The opening balances of the Regular Estimate differ from those furnished by the Accountant-General. The latter being the result of audit will be adopted by the Board. They are as follows:—

	RS.
Road Fund	47,953
General Fund	12,383
Total ...	60,336

These balances are larger than those in the printed budget in consequence of short expenditure in 1880-81 under Grants I and III. The full estimate of Land Cess, viz., Rs. 40,000, is expected to be realized. The President is requested to explain why the whole of the contribution paid by the Municipalities of Bellary, Adóni, and Anantapur towards the cost of the Normal School at Bellary is credited to this circle which contributes only a third of the cost. The other items of receipt do not call for remark. The total receipts are—

	RS.
Road Fund	75,243
General Fund	27,148
Total ...	1,02,391

3. *Statement B, Expenditure.*—The Circle Board have entered in the Regular Estimate the current year's budget allotment for "Communications" without adding thereto the allotments subsequently sanctioned from the Road Fund Reserve. Similarly the assignments from the General Fund Reserve have not been shown under the proper heads. The necessary transfers will be effected. The cost of the Local Fund Engineering Establishment does not include the increase of salary to the Engineer sanctioned in G.O., dated 5th October 1881, No. 1898. The sum of Rs. 260 chargeable to this circle towards the increase will be added to the amount entered in

the Regular Estimate. Rs. 27,000 reserved for the adjustment of famine expenditure will be carried to the ensuing year's budget, and the provision for Inspecting Vaccine Agency struck out as it is not likely that the establishment will be organized within the current year.

4. The following is the Regular Estimate of expenditure as revised by the Board:—

	Road Fund.	General Fund.	Total.

These balances will be taken to the budget for 1882-83.

BUDGET FOR 1882-83.

5. *Statement I-A, Receipts.*—Land Cess is estimated at Rs. 36,000 against Rs. 40,000 in the current year's budget owing to the outstanding arrears at the beginning of next year being expected to be much less than in the current year. A sum of Rs. 100 has been entered as receipts from markets. The Board observe that the market-fee system has not yet been introduced in this circle. The President will submit the necessary application specifying the markets where it is proposed to levy fees and the scale to be adopted. The other items do not call for remark. The total assests are—

	RS.
Road Fund	60,610
General Fund	21,550
Total ...	82,160

6. *Statement B, Expenditure—Grant I, Public Works.*—Only Rs. 1,000 have been entered under "New Works" for constructing masonry works on the road from Somandapalle via Hindupur to Mysore frontier. The provision for road repairs has been reduced by Rs. 6,990, owing, it is alleged, to want of funds. The increase under Local Fund Engineering establishment is due to the salary and travelling allowance of the additional Overseer recommended in the Board's Miscellaneous Proceedings, dated 15th December 1881, No. 10733. The cost of general management chargeable to Road Fund should be Rs. 1,230, and the total expenditure under that fund amounts to Rs. 56,690, leaving a balance of Rs. 3,920.

7. *Grant II, Education.*—The decrease under Inspection is due to savings effected by the substitution of an additional Deputy Inspector of Schools for the three

Inspecting Schoolmasters whose services were dispensed with. As pointed out by the Director of Public Instruction the entry of Rs. 660 against Training Schools should be shown as a contribution to the Bellary Circle. The necessary alterations will be effected. The provision for results grants has been raised by Rs. 300 on the recommendation of the additional Deputy Inspector of Schools. The commission on sale of books will be altered to Rs. 20 as suggested by the President.

8. *Grant III, Sanitation.*—The proposed expenditure under this grant is nearly the same as that of the current year, excepting under Vaccination, the provision for which has been raised from Rs. 2,200 to Rs. 3,270 by increasing the number of Vaccinators and providing a larger amount for batta. The allotment for three-fourths of the pay of the Kalyándrug Hospital Assistant will be allowed to stand pending submission of a special report by the President explaining the circumstances which bring the case within the Order of Government authorizing the payment from Provincial Funds of a fourth of the salaries of Hospital Assistants attached to Local Fund Dispensaries. The Vice-President has entered Rs. 210 on account of contribution to the Medical College, and an equal amount for Vaccine Inspecting Agency. They will be reduced to Rs. 190 each. The other items under this grant do not call for remark.

9. *Grant IV, Miscellaneous.*—The cost of the Controlling Establishments at the Presidency and that of the District Audit Establishments will be altered to Rs. 400 and Rs. 170 respectively. Travelling allowance to the Local Fund Board's Office Establishment will be shown distinct from the provision for the salary of that establishment. The latter includes the pay of the Dufferbund sanctioned in Board's Proceedings, dated 11th October 1881, No. 9175. The other entries are the same as in the current year's budget.

10. The following is an abstract of the budget for the ensuing year as revised by the Board:—

2. The closing balances of 1880-81 differ from the opening balances adopted in the regular estimate for 1881-82 as noticed in the budgets of other circles.

3. The regular estimate for 1881-82 is accepted as revised by the Board of Revenue.

4. In the budget estimate for 1882-83 the reduction in the provision for road repairs is undesirable and should not be permitted. The amount set apart for famine adjustment will be reduced from Rs. 27,000 to Rs. 20,000 to admit of the grant being raised to Rs. 24,870, and the provision for famine outlay will be subject to any orders which the Government may pass on the general question.

5. The budget is fully explained and does not call for remarks.

6. The Right Honorable the Governor in Council passes the budget of the Penukonda Circle for 1882-83, subject to revision by the Board of Revenue with reference to the constitution of the new Anantapur Circle.
