The transfer of the eight — belonging to the old Jail wards at Trichinopoly to the Superintendent of Police on the terms stated by him, sanctioned.

Municipal Commissioners Office
No 21 Trichinopoly. 19th June 1882.

From The President ¹⁷⁴¹
Municipal Commission
Trichinopoly.

To The Chief Secretary to Government
Fort Saint George
Madras.

Sir,
The 8 iron doors which formerly belonged to the old Jail wards and which were taken off their hinges under the sanction of Government accorded in their order number 1244 of 9th June 1878, are lying in the Compound of the same Jail buildings which are now used for Leprosy Hospital. The Superintending Engineer says that the doors are of a pattern not approved of by the Inspector-General of Jails and therefore he cannot utilize them. The Superintendent of Police, to whom a reference has been made, says that he could utilize them for Police Lock-ups if handed over to him.

I have therefore the honor
to

to request that you will be good enough
to obtain the sanction of Government
for handing them over to the latter.

Copies of letters from the above
two officers are forwarded herewith.

I have the honor to be

Sir

Sir.
In reply to your letter regarding
certain Iron doors of the Municipal Leprosy
Hospital, I have the honor to inform you
that the Doors in question are not required
by this Department or likely to be required,
as I understood they are of a pattern
objected to by the present Inspector-General
of Jails:— viz. Constructed so as to swing
on a central vertical axis; as he prefers
doors that will open in the ordinary way
from one side.

If the building from which the doors
were taken belongs to Government, the
doors should be sold by public auction and
the proceeds credited to this Department.

I have the honor to be
Sir.

Sir.

With reference to your letter no 1732
dated 8th ultimo, I have the honor to state
that I have inspected the Doors alluded
to and find that they could be utilized
for station lockup. If they are handed
over to me I shall feel obliged by their
being allowed to remain where they are,
until I can remove them as necessity
arises. I have no means of removing them
all at one time and would only be able
to do so, on estimates being sanctioned
for the utilization of each one as it is
wanted.

I have the honor to be,

SIR,

Enclosures, 34.

In continuation of my letter No. 423, dated 6th Ultimo, I have the honor to submit under Code para 1459 a Bill with vouchers as particularized in the

- 1 Bill of Rs 3003.
- 1 List of sittings in 2 sheets
- 12 Sets of Returns of sittings provided in the Roman Catholic Cathedral, Madras from July 1880 to June 1881.
- 1 Return of sittings provided in —do—do— for Warrant & Non-Commissioned Officers from July 1880 to June 1881.
- 19 Returns of sittings provided in the Roman Catholic Church at Palaveram from May 1876 to June 1881

for sittings provided for Soldiers in the Roman Catholic Cathedral Madras, during the year ending 30th June 1881. and in

margin recd
from the
Vicar General
Madras on
account of
compensation

St Francis Xavier's Church at Palaveram from the year 1876 to the year 1881. The claim in reference to the Roman Catholic Cathedral is made under para 5 of G. O. No 1594 W dated 7th July 1880 and that in reference to Palaveram under para 7 of the same. The amount of the Bill for both Madras and Palaveram is Rs 3003 - i.e. for 1001 seats - but as under G. O. No 2036 W dated 27th August 1880 - Compensation is not admissible for sittings provided for European Pensioners and their Families. the Vicar General was requested to have the Bill revised accordingly - He has merely revised the statement of details attached to the Bill - reducing the number of sittings to 978 - for which the compensation is Rs 2934.

2. I must suggest that in order that the P. W. Department may properly check such claims and see that the number of seats for which compensation is claimed is within the limits mentioned in the P. W. Code (vide paras 1457 and 1430) the

¹⁷⁴²
information as to the names and strength of the various Corps at the Station every month should be forwarded by Officer Comd Station to the Suptg. Engineer thro the Dy. A. A. General within the 1st week of ensuing month - these would then be filed by Suptg. Engineer to await receipt of the annual claim. In the enclosed Bill compensation is entered for the 12/8 and 12/9 Royal Artillery. These are believed to have been Field Batteries and as such the claim is admissible under Code para 1430. The Military authorities might be asked to direct the Officer Commanding of the Station to have stated on the monthly return the names of the Regiment, whether whole, wing or how many companies and if R. A. whether Horse, Light Field, Heavy Field or Garrison Artillery.
