Sir,

In reply to your letters regarding certain Iron doors of the Municipal Leper Hospital, I have the honor to inform you that the Doors in question are not required by this Department or likely to be require as I understand they are of a pattern – objected to by the present Inspector-Gener of Jails:- viz. Constructed so as to swing on a central vertical axis; as he prefers doors that will open in the ordinary way from one side.

2. If the building from which the door were taken belongs to Government, the doors should be sold by public auction a the proceeds credited to this Department.

With reference to your letter No 1732 dated 8th ultimo, I have the honor to state that I have inspected the Doors alluded to and find that they could be utilized for station lockup. If they are handed over to me I shall feel obliged by their being allowed to remain where they are, until I can remove them as necessity arises. I have no means of removing them all at one time and would only be able to do so, on estimates being sanctioned for the utilization of each one as it is wanted.
