4375

Letter from the Surgeon General
with the Government of Madras, to the
Chief Secretary to Government, Public
Department, dated Maccumund 16th June
1872 No. 136.

I have the honor to report for
the information of the Right Honorable
the Governor in Council, that on removal
of this office from the Fort to the present
building in Nungambau Run, I address-
ed the Department of Public Works
to have nails set in blocks of wood,
fixed in the walls for the purpose of
suspending the portraits of certain
members of the Medical Department
in the possession of this Office.

2. On report of completion
of work, the portraits were suspend-
ed, but not many days after the
portrait of Dr. Wylie, a valuable
oil

oil painting, was precipitated to the floor, and sustained injury to the portrait and frame. It was then discovered that the nails were simply driven into the wall, and not set in blocks of wood as requested.

3 The Public Works Department have since rectified the error and all the portraits are now secured by properly set fastenings, but the immediate object of this representation is to solicit the sanction of Government to have the injured Portrait of Dr. Gyle restored at the School of Arts at a cost of Rs (25) twenty five as estimated by Mr. Chisholm.

4 The charge can be met from General savings under "Provincial Medical".
