ORDER—dated 12th May 1882, No. 1209 W., Public Works.

With the papers read above the Superintending Engineers submit statements of the estimated requirements for the current official year in lump sums for Minor Works, Repairs and Tools and Plant for each division.

2. The sums available under Imperial Military and Other Services are as follows:—

							Imperial.
							Minor Works. Repairs.
							RS. RS.
Military	...	...	...	...	...	19,911	2,75,000
						13,484	5,000
Other Services	{ Postal	...	...	...	...	6,452	3,000
	{ Telegraph	...	...	...	...	1,550	8,000
	{ Salt	...	...	...	...		

3. From these sums allotments are made as per statement marked A, leaving, as it will be observed therein, balances which will form the reserves with Government under the several heads concerned.

4. Under Provincial in the case of Repairs, and Tools and Plant it will be seen from the statement marked B that the distribution works up to the totals as entered in Parts II and IV of the Final Issue of the Budget.

5. Out of the reserve of Rs. 4,81,163 (Final Issue) under Original Works, Civil Buildings, Rs. 42,915 have now been allotted to the several divisions for Minor Works, leaving Rs. 4,38,248 still at the disposal of Government. Rs. 27,627 are also held as a reserve with Government under Tools and Plant, thus making a total reserve of Rs. 4,65,875.

6. The distribution made in the statements marked A and B are in supersession G.O., No. 3082 W., dated 12th December 1881. of those shown in the different budgets
 " " 3120 W., " 16th " " circulated with the orders noted in the
 " " 104 W., " 12th January " " margin.
7. The grants applied for by Superintending Engineers have been reduced in several cases in order to keep within the totals allotted in the several budgets for Minor Works and Repairs.
8. No provision has been made in the Imperial Budget under Repairs, Miscellaneous Public Improvement, as all items connected with repairs to light-houses, &c., are transferred to Port Funds—*vide* G.O., No. 2452 W., dated 5th October 1882. Funds under that head must, therefore, be applied for separately.
9. The Consulting Architect will submit a special application, naming the works for which funds to the extent of Rs. 2,000 applied for under Excluded Local are required, no funds being available under that head in the Public Works Department.
10. The reserves applied for by the Superintending Engineer, Fifth Circle, have not been granted, but such requirements as may be found necessary will, on application, be met from the reserves at the disposal of Government.
11. The General Superintendent, Public Works Workshops, not having submitted a statement of requirements for Provincial Funds, the amount allotted to his division are the same as entered in the Preliminary Issue of the Provincial Budget.

From,

The Executive Engineer
West Coast Division

To,

The Superintending Engineer
4th Circle.

Sir,

I have the honor to bring
to your notice that the allotment
of Rs 2000 under Provincial Repairs
Civil Buildings sanctioned in Govt.
Order No. 1209 W dated 12th May 1882
is altogether insufficient and beg
therefore that an Application may
be made to Government to increase
the same to Rs 6000 for the Current
Official year.

2.

It will be seen from E.

Progress

Progress Report for May/82
that the expenditure up to end
of May was Rs 2355. The cause
of this is that a sum of Rupees 1603
was ordered in your endorsement
No. 237 W.C. dated 18th April 1882 on
G.O. No. 742 W. dated 21st March 1882
to be paid to the Roman Catholic
Chaplain and this consumed the
greatest part of the allotment.

The works now in hand on
estimates sanctioned and prepared
amount to Rs 2504 to which if the
amount paid to Roman Catholic
Chaplain for sittings viz Rs 1603
be added the total will be Rs 4107
and there are 9 months of the

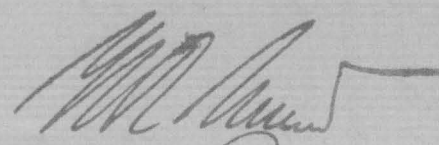

official year more during
which some more estimates
may be found necessary.
