		RS.	RS.

	{ Telegraph	6,452	3,000

3. From these sums allotments are made as per statement marked A, leaving, as it will be observed therein, balances which will form the reserves with Government under the several heads concerned.

4. Under Provincial in the case of Repairs, and Tools and Plant it will be seen from the statement marked B that the distribution works up to the totals as entered in Parts II and IV of the Final Issue of the Budget.

5. Out of the reserve of Rs. 4,81,163 (Final Issue) under Original Works, Civil Buildings, Rs. 42,915 have now been allotted to the several divisions for Minor Works, leaving Rs. 4,38,248 still at the disposal of Government. Rs. 27,627 are also held as a reserve with Government under Tools and Plant, thus making a total reserve of Rs. 4,65,875.

Funds under that head must, therefore, be applied for separately.

9. The Consulting Architect will submit a special application, naming the works for which funds to the extent of Rs. 2,000 applied for under Excluded Local are required, no funds being available under that head in the Public Works Department.

10. The reserves applied for by the Superintending Engineer, Fifth Circle, have not been granted, but such requirements as may be found necessary will, on application, be met from the reserves at the disposal of Government.

11. The General Superintendent, Public Works Workshops, not having submitted a statement of requirements for Provincial Funds, the amount allotted to his division are the same as entered in the Preliminary Issue of the Provincial Budget.
