ORDER—dated 22nd June 1882, No. 444, Public.

The annual report on the working of the Government Press in 1881-82 shows that the value of the work done during the year was Rs. 2,56,673 or Rs. 19,369 more than in the previous year, the expenditure Rs. 2,20,238 or Rs. 11,863 more, while the so-called profit amounted to Rs. 36,435 against Rs. 28,929 in 1880-81. But in the audit report of the accounts for 1880-81, the Auditor brought to notice the inaccuracy of the result worked out by the Superintendent in Statement A attached to the report for that year; and the same fallacious principle is exhibited in Statement A attached to the present report. The attention of the Superintendent will be drawn to paragraphs 22 and 23 of the audit report in view to his taking such steps as will ensure a more accurate result in future.

2. The value of the work done in the Composing and Press and Machine Departments was Rs. 9,597 more than in the previous year, with an additional outlay of Rs. 11,341.
