17TH JULY 1882, No. 1820 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

No. 105.

READ—the following letter from R. F. CHISHOLM, Esq., Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepauk, 10th July 1882, No. 275 :—

I have the honor to acknowledge the receipt of G.O., No. 1630 W., dated the 28th June, on the subject of selecting a site for the proposed public offices to accommodate the Surgeon-General with the Government of Madras and other officers.

2. I would take this opportunity of respectfully soliciting the Government to have plans drawn out of all the building sites in Madras the property of Government, and of having these plans laid out in building plots.

3. There are now three valuable building sites in Madras, viz., Chepauk, the Poodoopetta Maidan, and the Esplanade, and all these spaces are being dotted over with small buildings, each one on the most eligible spot regardless of future requirements.

No. 106.

ORDER—dated 17th July 1882, No. 1820 W., Public Works.

The duty of preparing all such plans as those referred to by the Consulting Architect devolves on the Executive Engineer, Presidency, whose attention will be called to paragraph 311 of the Public Works Code. The Superintending Engineer will direct the Executive Engineer to have accurate plans made out of the sites indicated by Mr. Chisholm.

2. As to the advisability of demarcating the sites into building plots, it may not perhaps be practicable to do more with advantage at present than lay out in a general way the grounds and roads, keeping in view the probabilities of buildings eventually required. On this matter the Superintending Engineer will in due course report for the information of Government, without whose sanction no buildings should be erected on the sites in question.
