GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

No. 111.

Read—the following papers:—

From G. T. WALCH, Esq., Officiating Superintending Engineer, First Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 27th May 1882, No. 551 G.D.

I have the honor to submit, herewith, the accompanying correspondence* and, as G.O., No. 116, of 19th January 1880, has never been communicated to me, to request your orders as to whether the Police Officers' boats in the Godávari District should be brought on to the books of this department and dealt with as range boats and rents being collected by this department.

2. I trust that this will *not* be the case; this department can have no control over the way in which the boats are used, and it seems to me very advisable that each department should manage its own boats itself; if not, there is certain, sooner or later, to result friction between the departments on the subject, which it is as well to avoid.

3. Of course this department would repair the boats when requested to.

Memorandum from the Deputy Secretary to Government, Public Works Department, dated 5th June 1882, No. 1213 C.

Referred to the Judicial Department.

2. In this office memorandum to the Inspector-General of Police, No. 3933, dated 20th December 1879, it was pointed out that the proposal to bring Police boats on the books of the Public Works Department could not conveniently be carried out, and it was suggested, as a preferable arrangement, that such boats should be repaired at the Dowlaishweram Workshops from funds to be provided by the Police Department.

3. On the issue of G.O., Judicial, No. 116, dated 19th January 1880, attention was drawn to the above memorandum in this office No. 254, dated 22nd idem, and the propriety of modifying the order was suggested. G.O., Judicial, No. 258, dated 10th February 1880, in which memorandum No. 254 is recorded, merely, however, fixes the percentage to be charged for the use of boats by Police Officers, but does not modify the previous instructions as to the boats being brought on the books of the Public Works Department.

4. It is suggested that more specific orders on this point be issued for the guidance of the Inspector-General of Police.

(By Order.)
