2. In the *Regular Estimate* for 1881-82 the "Cess on Land" is entered at Rs. 50,000 as against Rs. 57,000 in the sanctioned budget. The entire demand for the year is not given. The collection for the last seven months of the year is estimated at 74·7 per cent. of the demand. The usual particulars of Demand, Collection and Balance should invariably be furnished in a foot-note to the regular estimate. The circumstances under which Rs. 10,983 of the Land Cess were written off should have been briefly explained by the Vice-President in his report.

3. The variations in the opening balances explained by the Vice-President are those existing between the figures exhibited by him and those of the budget and not as stated by the Board between the latter figures and those of the Accountant-General, which it is presumed had not been communicated to him as he did not adopt them.

4. The Board in paragraph 5 of their review speak of the actual Road Fund balance as Rs. 11,798, but the figure adopted in paragraph 2 is Rs. 14,000, while in

the column of actuals it stands at Rs. 14,501. The reason for this reference to the balance of the regular estimate after the actual balance has been ascertained is not apparent.

5. The *Budget Estimate* for 1882-83 does not provide a working balance at the close of the year for Road or General Fund. The proposed reserve for famine adjustment may therefore be reduced to Rs. 5,000 to allow of the provision of a balance of a similar amount for the former fund.

6. The Land Cess appears to be correctly estimated. The regretable decrease in the grant for repairs to roads is inevitable in view of the necessity for a reserve for famine adjustment. The Government concur in the remarks of the Board regarding the expenditure under the other grants.

7. With these remarks the Right Honorable the Governor in Council passes the budget estimates of the Hosúr Circle for 1882-83.

RESOLUTION—dated 10th June 1882, No. 1491.

The Local Fund Budget of the Hosúr Circle for 1882-83 is herewith circulated to all officers concerned.

2. *Paragraph 2 of the Government Order.*—The President's attention is invited to the remarks in this paragraph.

3. *Paragraph 3 of the Government Order.*—It is observed that the opening balance of 1881-82 as advised by the Accountant-General does not materially differ from that adopted by the Vice-President, and that the reason assigned by that officer for the large increase in the balance applies equally to the one as to the other.

4. *Paragraph 4 of the Government Order.*—With reference to the remark in this paragraph, the Board beg to state that it is not the actual Road Fund balance that is referred to as Rs. 11,798, but the actual Road Fund receipts having fallen short of the estimate by Rs. 8,767, it was intended to show that the closing balance of the regular estimate had to be reduced by that amount, and that consequently the full amount reserved for famine adjustment could not be again set apart for the purpose. The difference between the amount of Rs. 11,798 mentioned in the Proceedings and the actual balance of Rs. 14,000 was the result of savings in the allotments made during the year.

5. *Paragraph 5 of the Government Order.*—As directed by Government, the amount reserved for famine adjustment has been reduced by Rs. 5,000, which is shown as balance in favor of the Road Fund.

2. In the *Regular Estimate* for 1881-82 the "Cess on Land" is entered at Rs. 50,000 as against Rs. 57,000 in the sanctioned budget. The entire demand for the year is not given. The collection for the last seven months of the year is estimated at 74·7 per cent. of the demand. The usual particulars of Demand, Collection and Balance should invariably be furnished in a foot-note to the regular estimate. The circumstances under which Rs. 10,983 of the Land Cess were written off should have been briefly explained by the Vice-President in his report.

3. The variations in the opening balances explained by the Vice-President are those existing between the figures exhibited by him and those of the budget and not as stated by the Board between the latter figures and those of the Accountant-General, which it is presumed had not been communicated to him as he did not adopt them.

4. The Board in paragraph 5 of their review speak of the actual Road Fund balance as Rs. 11,798, but the figure adopted in paragraph 2 is Rs. 14,000, while in

the column of actuals it stands at Rs. 14,501. The reason for this reference to the balance of the regular estimate after the actual balance has been ascertained is not apparent.

5. The *Budget Estimate* for 1882-83 does not provide a working balance at the close of the year for Road or General Fund. The proposed reserve for famine adjustment may therefore be reduced to Rs. 5,000 to allow of the provision of a balance of a similar amount for the former fund.

6. The Land Cess appears to be correctly estimated. The regretable decrease in the grant for repairs to roads is inevitable in view of the necessity for a reserve for famine adjustment. The Government concur in the remarks of the Board regarding the expenditure under the other grants.

7. With these remarks the Right Honorable the Governor in Council passes the budget estimates of the Hosúr Circle for 1882-83.

RESOLUTION– dated 10th June 1882, No. 1491.

The Local Fund Budget of the Hosúr Circle for 1882-83 is herewith circulated to all officers concerned.

2. *Paragraph 2 of the Government Order.*—The President's attention is invited to the remarks in this paragraph.

3. *Paragraph 3 of the Government Order.*—It is observed that the opening balance of 1881-82 as advised by the Accountant-General does not materially differ from that adopted by the Vice-President, and that the reason assigned by that officer for the large increase in the balance applies equally to the one as to the other.

4. *Paragraph 4 of the Government Order.*—With reference to the remark in this paragraph, the Board beg to state that it is not the actual Road Fund balance that is referred to as Rs. 11,798, but the actual Road Fund receipts having fallen short of the estimate by Rs. 8,767, it was intended to show that the closing balance of the regular estimate had to be reduced by that amount, and that consequently the full amount reserved for famine adjustment could not be again set apart for the purpose. The difference between the amount of Rs. 11,798 mentioned in the Proceedings and the actual balance of Rs. 14,000 was the result of savings in the allotments made during the year.

5. *Paragraph 5 of the Government Order.*—As directed by Government, the amount reserved for famine adjustment has been reduced by Rs. 5,000, which is shown as balance in favor of the Road Fund.

2. In the *Regular Estimate* for 1881-82 the "Cess on Land" is entered at Rs. 50,000 as against Rs. 57,000 in the sanctioned budget. The entire demand for the year is not given. The collection for the last seven months of the year is estimated at 74·7 per cent. of the demand. The usual particulars of Demand, Collection and Balance should invariably be furnished in a foot-note to the regular estimate. The circumstances under which Rs. 10,983 of the Land Cess were written off should have been briefly explained by the Vice-President in his report.

3. The variations in the opening balances explained by the Vice-President are those existing between the figures exhibited by him and those of the budget and not as stated by the Board between the latter figures and those of the Accountant-General, which it is presumed had not been communicated to him as he did not adopt them.

4. The Board in paragraph 5 of their review speak of the actual Road Fund balance as Rs. 11,798, but the figure adopted in paragraph 2 is Rs. 14,000, while in the column of actuals it stands at Rs. 14,501. The reason for this reference to the balance of the regular estimate after the actual balance has been ascertained is not apparent.

5. The *Budget Estimate* for 1882-83 does not provide a working balance at the close of the year for Road or General Fund. The proposed reserve for famine adjustment may therefore be reduced to Rs. 5,000 to allow of the provision of a balance of a similar amount for the former fund.

6. The Land Cess appears to be correctly estimated. The regretable decrease in the grant for repairs to roads is inevitable in view of the necessity for a reserve for famine adjustment. The Government concur in the remarks of the Board regarding the expenditure under the other grants.

7. With these remarks the Right Honorable the Governor in Council passes the budget estimates of the Hosúr Circle for 1882-83.

Resolution—dated 10th June 1882, No. 1491.

The Local Fund Budget of the Hosúr Circle for 1882-83 is herewith circulated to all officers concerned.

2. *Paragraph 2 of the Government Order.*—The President's attention is invited to the remarks in this paragraph.

3. *Paragraph 3 of the Government Order.*—It is observed that the opening balance of 1881-82 as advised by the Accountant-General does not materially differ from that adopted by the Vice-President, and that the reason assigned by that officer for the large increase in the balance applies equally to the one as to the other.

4. *Paragraph 4 of the Government Order.*—With reference to the remark in this paragraph, the Board beg to state that it is not the actual Road Fund balance that is referred to as Rs. 11,798, but the actual Road Fund receipts having fallen short of the estimate by Rs. 8,767, it was intended to show that the closing balance of the regular estimate had to be reduced by that amount, and that consequently the full amount reserved for famine adjustment could not be again set apart for the purpose. The difference between the amount of Rs. 11,798 mentioned in the Proceedings and the actual balance of Rs. 14,000 was the result of savings in the allotments made during the year.

5. *Paragraph 5 of the Government Order.*—As directed by Government, the amount reserved for famine adjustment has been reduced by Rs. 5,000, which is shown as balance in favor of the Road Fund.

Proceedings of the Madras Government

Read the following

Proceedings of the Board of Revenue dated 24th April 1882, Mis: No. 3081, on letter from the Collector of Nilgiris, dated 12th April 1882, No. 79.

Adverting to Board's Proceedings, Mis: No. 2217 of the 13th ultimo, regarding office accommodation to the Deputy Tahsildar, Ootacamund, I have the honor to state that a building is now available, the owner of which is willing to rent it for a period of not less than a year at Rs. 60 per mensem. I enclose a ground plan of the building. It lies close to my office, and, in other respects, convenient.

2. There is sufficient accommodation in the building for the Deputy Tahsildar's and the District Registrar's offices. The Registrar has been consulted, and states that the accommodation will suit him well in every respect, and

of Registration is prepared to sanction half the rent for the Registration office.

3. I have the honor to request permission to engage the building for a year with the option of renewal of the lease, if necessary, at the end of the period. The rent should be divided in equal proportion between the Revenue and Registration Departments.

4. I enclose, for reference, copy of my letter No. 25, dated 21st February last, to the Chief Secretary to Government on the subject of office accommodation for the Registrar.

Submitted for the sanction of Government.

Order thereon, 5th May 1882, No. 1443.

Sanctioned, but the Government desire the Collector to consult the Executive Engineer as to the practicability of adding the necessary accommodation to the block of Government Offices.
