20TH JULY 1882, No. 1858 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.  
Civil Works.

No. 127.

READ—the following papers:—

From H. B. GRIGG, Esq., M.A., Director of Public Instruction, to the Chief Secretary to Government, dated Ootacamund, 5th June 1882, No. 34-N.

I have the honor to submit, for the orders of Government, a letter from the Principal of the Civil Engineering College, requesting sanction for certain repairs to the College building and family quarters attached. If the necessary funds can be provided in the Public Works Department budget, I request that the estimates may be sanctioned, but not if the work is to be debited to this department, as no funds are available. I would note that the cost of the College is considerably below the Imperial grant for its maintenance. Until that grant is exhausted no charge, I think, connected with the College should be thrown on funds devoted to general educational purposes.

ENCLOSURE.

From Lieutenant H. D. LOVE, R.E., Principal of the Civil Engineering College, to the Director of Public Instruction, dated Madras, 31st May 1882, No. 160-C.

I have the honor to report that repairs of some magnitude are much needed for the Civil Engineering College building and for the family quarters attached.

2. The roof of the College has been patched and repatched until no course remains, but to renew the terraced surface. This it is proposed to do with cement. Some internal whitewashing is necessary on sanitary grounds.

3. In the family quarters, the tiled roof needs repair, and the floor which has sunk in places, and which is infested with white ants, requires renewal.

4. I regard these repairs as urgently needed, and represent the desirableness of their being carried out during the College vacation in June and July.

5. The Public Works Department have framed two estimates, which I enclose, that for the College amounting to Rs. 1,717, and that for the family quarters to Rs. 1,090, to which I request the favor of your obtaining sanction.

6. I presume that the Public Works Department will be able to bear the cost of the work as Repairs to Civil Buildings. The item for Repairs which appears in the College Budget is intended only to cover works of a petty nature.

From H. B. GRIGG, Esq., M.A., Director of Public Instruction, to the Chief Secretary to Government, dated Ootacamund, 6th July 1882, No. 191-N.

With reference to Official Memorandum, Educational Department, No. 429, of the 22nd ultimo, I have the honor to state that the estimates submitted with my letter, dated 5th June, No. 34-N, had not been received in the office when my letter, No. 2901, dated 16th May 1882, was submitted to Government.
