15TH JUNE 1882, No. 628, REVENUE.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue, dated 2nd June 1882, Mis. No. 4002 :—

Read—the following letter from J. LEEWARNER, Esq., Acting Collector of Nellore, to the Secretary to the Board of Revenue, dated Nellore, 16th May 1882, No. 2254 :—

With reference to the Board's Official Memorandum, dated 18th April 1882, No. 686, I have the honor to submit herewith two compensation statements showing the progress made in the settlement of compensation during the half-year ending with 31st December 1881.

2. From my Statement No. II, it will appear that out of 1,086 cases remaining to be finally disposed of, compensation was subsequently paid in forty-five cases relating to the Sangam Project, and settled in 520 other cases ; but no payments have been made on account of latter, owing to the want of funds.

3. As regards the settlement of the remaining cases, I have lately distributed them among the Divisional Officers concerned, with the request that all local information necessary for their disposal by me may be got ready as early as possible ; and I hope many of these cases may disappear in my next statement.

Resolution—dated 2nd June 1882, Mis. No. 4002.

The progress made during the half-year under report is not satisfactory. The total number of claims pending was 1,152, and of these compensation was paid only in 66 cases during the half-year and in 45 cases subsequently. In 520 of the remaining cases, compensation had been settled during the previous half-year, but no payment was made for want of funds. No explanation has been given for the delay in the other cases in which compensation has not been settled, and the return is still incomplete by the omission of the cases of lands taken up for famine roads in the Ongole and Kanigiri taluks. The certificate appended to Statement No. II, to the effect that no claims awaiting settlement have been omitted, is not correct.

(True Extract.)

(Signed) E. GIBSON,
Acting Secretary.

To the Secretary to Government, Revenue Department, with the Collector's letter and its two enclosures in original to be returned.

ORDER—dated 15th June 1882, No. 628, Revenue.

Miscellaneous.

As pointed out by the Board, the progress made in the adjustment of outstanding claims as shown in this return is unsatisfactory.

2. In reviewing the return for the previous half-year, the Government
* G.O., 6th February 1882, No. 143. noticed* its incompleteness, and observe
in that it does not include lands taken up for famine roads in two taluks.
3. As already directed, the Collector should use special exertions to clear his
heavy arrear file.
4. The remark entered opposite to the last entry in Statement No. II shows,
that cases in which lands had *not* been transferred to the Public Works Department
during the period to which it refers, are included. This is incorrect. No compen-
sation is due until the land is actually taken up, and it is to show the progress made
in the payment of compensation due that this return is prescribed.
5. The fact stated in the Collector's letter, that in 560 cases payment has
been delayed from want of funds, will receive attention in the Public Works Depart-
ment.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

6th February 1882, No. 143.

READ THE FOLLOWING PAPERS:—

No. 42. Proceedings of the Board of Revenue, dated 22nd December 1881,
No. 3401.

Read the following letter from J. GROSE, Esq., Collector of Nellore, to the Secre-
tary to the Board of Revenue, dated 7th November 1881, No. 4159:—

With reference to Board's Miscellaneous Proceedings, dated 22nd August 1881,
No. 7910, I have the honor to submit two revised statements of the arrears of com-
pensation cases, appending thereto the certificate referred to in paragraph 3 of the
Board's Proceedings, dated 24th December 1880, No. 1974.

2. From my Statement No. 2 it will appear that out of 1,157 cases pending,
compensation has been paid in 125 cases. The non-payment of compensation money
in the remaining cases for which compensation has been settled is due to the fact
that the lands taken up are mostly for famine roads undertaken during the famine,
for which regular estimates wherein provision has been made for compensation of
lands were not submitted and sanctioned. Regular estimates are now being prepared
for many of these famine roads which the Local Fund Board have decided to complete
and maintain as they are found to be useful district roads. Provision is made in the
estimates for compensation on account of lands, and when these estimates are sanc-
tioned compensation will be duly paid to the parties concerned, and I hope that
many of the cases may disappear in the next statement.

3. No statement was submitted to the Board for the half-year ending 31st
December 1880 as no cases were disposed of during that half-year.

ENCLOSURES Nos. 1 and 2.—Statements.

STATEMENT No. 1.—Only one case is entered in this return, and the Collector
states that the land applied for will be transferred shortly.

2. STATEMENT No. 2.—No claims for compensation were paid during the half-
year ending 31st December 1880; those paid during the half-year ending 30th June
1881 numbered 125, so that for the whole year, from June 1880 to June 1881, only
125 claims were paid out of 1,157 pending settlement. The arrears are heavy; in
566 cases the amount of compensation to be paid has been settled; but payment is
delayed pending provision of funds by the Local Fund Board, who have decided to
complete and maintain the roads for which the lands in question were taken up.
Every effort should be made to bring on the return the cases of lands taken up in
Ongole and Kanigiri Taluks which are stated to be now omitted and to reduce the
arrears.

3. The Collector should have submitted the usual return for the half-year
ending 31st December 1880, though no cases had been disposed of during that
period.

(A true Copy and Extract.)

(Signed)

C. A. GALTON,
Secretary.

No. 43. Proceedings of the Board of Revenue, dated 21st January 1882,
No. 209, Routine.

ABSTRACT.—Forwarding the statements referred to in Board's Proceedings,
dated 22nd December 1881, No. 3,401.

No. 44. ORDER THEREON, 6th February 1882, No. 143.

Miscellaneous.

THE explanation afforded is restricted
to the number of cases in which compen-
sation had been settled but not paid;

but Statement No. 2 shows that out of a total of 1,157 cases pending, compensation
had not been settled in 588. This is unsatisfactory as is also the fact that there were
cases of lands taken up for famine roads yet to be brought on the return. The
Collector must use special exertions to clear the file.
