No. 7.

READ—the following letter from J. W. RUNDALL, Esq., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department, dated Camp, Sangam, 11th July 1882, No. 371 S.G:—

I have the honor to bring to your notice that in April last the Executive Engineer, Sangam Project Division, informed me that he found it would be more convenient to have two Camp Overseers in lieu of one, as provided in the list of Temporary Establishment for this Circle, sanctioned in G.O., No. 743 W. of 21st March 1882.

2. Captain Campbell therefore proposed to employ two men on Rs. 30 instead of one on Rs. 60, and I approved of the arrangement.

3. The Examiner having brought to notice that Government sanction is necessary to this alteration, I have the honor to request that the necessary sanction may be accorded.

4. The present arrangement is an improvement, and two men are better than one on higher pay for the work required, viz., supervision of the cooly camps which are necessarily scattered over a considerable area.
