GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

No. 11.

Read—the following G.O., dated 8th June 1882, Mis. No. 1785, Revenue :—

Read—the following Proceedings of the Board of Revenue, dated 26th May 1882, Mis. No. 3753 :—

Read—the following letter from J. STURROCK, Esq., Collector of South Canara, to the Secretary to the Board of Revenue, dated Mangalore, 29th April 1882, No. 981 :—

With reference to G.O., Revenue Department, dated 28th January 1881, No. 221, communicating G.O., Public Works Department, dated 12th January 1881, No. 71 W., sanctioning an estimate for Rs. 22,338 for additions to the Collector's Cutcherry at Mangalore, I have the honor to draw the attention of the Board to the fact that in the Provincial Budget for the current year the work in question is shown only in Class B, and to request the favor of the Board representing to Government that it is very essential that the additions which have now been under discussion for upwards of ten years should be taken in hand as early as possible.

2. A copy of a letter which I have addressed to the Executive Engineer on the subject is forwarded for the Board's information.

Enclosure.

From J. STURROCK, Esq., Acting Collector of South Canara, to the Executive Engineer, West Coast Division, dated Mangalore, 23rd February 1882, No. 387.

In reply to your letter, dated 15th February 1882, No. 123, asking for full information regarding the necessity for the additions to the Collector's Office at Mangalore, I have the honor to enclose copy of G.O., Revenue Department, dated 5th December 1874, No. 1505, with which is recorded a letter from the then Collector, Mr. Webster, pointing out the inadequate nature of the present accommodation, and submitting suggestions for additions.

2. On this letter the Board of Revenue remarked that the alterations seemed to be very necessary, and the Government authorised the preparation of a detailed plan and estimate.

3. On the plan and estimate being submitted, the Government, in G.O., Revenue Department, dated 10th July 1875, No. 1037, desired to know whether some less expensive arrangement could not be devised, and after some further correspondence the Collector was asked by the Executive Engineer to state the minimum accommodation required in addition to that at present available. This information was furnished with a letter, dated 15th July 1880, No. 1362. On this, plans and estimates were prepared which were countersigned and returned to your office by the Collector, with his letter, dated 23rd August 1880, No. 1672, and sanctioned by Government in G.O., dated 12th January 1881, No. 71 W.

4. The matter having been so fully discussed before the plans and estimates were sanctioned, I do not see that I can add anything useful to demonstrate the necessity for the work, which I consider to have been already admitted by Government. I need hardly say that the necessity does not grow less as time goes on.

Resolution—dated 26th May 1882, Mis. No. 3753.

Submitted for the favorable consideration of Government with reference to G.Os., dated 5th December 1874, No. 1505, 10th July 1875, No. 1037, and 28th January 1881, No. 221.

2. The Board trust that it will be possible to accede to the Collector's request, and that arrangements may be made for commencing at an early date the work which has remained unexecuted for so long.
