READ—the following letter from Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer for Irrigation, dated Chepauk, 20th July 1882, No. 1500 :—

I have the honor to submit for sanction an estimate of Rs. 180 for a temporary Draftsman for six months in the South Arcot Division, to prepare the estimates and fair plans, &c., of storage works in the Pelandorai Anicut System.

2. There has been a temporary establishment of a Surveyor and Draftsman in the two past years, for which Rs. 460 have been paid, and a Surveyor has been engaged in the current year for the completion of the field work. But the estimates and fair plans require to be made out, and the Draftsmen of the regular establishment have, otherwise, more than they can get through; I have therefore to ask that the Government will make a grant of Rs. 180 under Temporary Establishment.

Endorsement on the above.

Forwarded to the Chief Engineer, Public Works Department, with a request that the temporary establishment applied for may be sanctioned.
