Civil Works.

No. 42.

READ—the following letter from W. R. CORNISH, Esq. F.R.C.S., C.I.E., Surgeon-General with the Government of Madras, to the Secretary to Government, Public Works Department, dated Ootacamund, 2nd August 1882, No. O/420:—

In forwarding the enclosed correspondence * for the information of Government, I have the honor to solicit sanction to the reconstruction of three temporary sheds in the General Hospital compound, Madras, at a cost of about Rs. 550.

2. I must explain that these sheds are often required for the reception of cases of foul ulcers or loathsome diseases, which it would be inconvenient or improper to place in general wards, and although the contagious wards are temporarily occupied by such cases, the latter may be required at any moment should cholera or small-pox appear epidemically in the town.

3. If these sheds are sanctioned it is advisable that they should be put up at once before the rainy season of Madras sets in.

No. 43.

ORDER—dated 7th August 1882, No. 1999 W., Public Works.

The Superintending Engineer will arrange for the immediate reconstruction of the three temporary sheds referred to by the Surgeon-General, as also for the other repairs mentioned by the Executive Engineer in his letter No. 1840, dated 28th July, being carried out on emergency. An appropriation of Rs. 7,000 is now made from the Provincial Reserve for the works by transfer to the allotment for Repairs, Civil Buildings, in the Presidency Division.
