No. 48.

READ—the following letter from Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 26th July 1882, No. 302 :—

I have the honor to request that you will be so good as to cause the supply of twelve copies of the Financial Department G.O., No. 356, dated 4th May, communicated with Public Works Department G.O., No. 1369 W., dated 2nd June 1882, for circulation to the divisional officers in this Circle, as they have to adhere to the rulings therein laid down in claiming trainage when they and their Military subordinates have to travel by rail.

In enforcing the rules I anticipate delay and inconvenience to Warrant Officers, when stationed at other than the head-quarters of the Executive Engineer who has to sign the certificate in Form E, before the subordinates proceed by rail on duty, and I request that orders may be given that these certificates are not necessary, or that the ordinary fares may be paid in cases when it is not practicable for the Executive Engineer to sign them. I presume that the word "Officer under whom they are serving" applies to Civilian Executive or Assistant Engineers and not only to Military Officers, and that the Railway Companies will be prepared to accept certificates signed by them.

No. 49.

ORDER—dated 7th August 1882, No. 2003 W., Public Works.

Ordered that twelve copies of G.O., Financial Department, No. 356, dated 4th May 1882, be supplied to the Superintending Engineer, Fourth Circle.

2. The Government of India have directed that Military Commissioned, Warrant, or Native Commissioned Officers in Civil or Military employ travelling on duty by rail without a Government passage warrant shall, unless they are entitled to travel free of charge, *invariably* make use of the Form E "on duty" certificate, and it is out of the power of this Government to issue orders, as suggested by the Superintending Engineer, that these certificates are not necessary.

3. The Government do not consider that the certificates should necessarily be signed by an Executive Engineer or a Military Officer. The saving clause "or the officer under whom they are serving" in the Government of India notification is apparently intended to obviate the delay and inconvenience anticipated by the Superintending Engineer, Fourth Circle.
