- No. 68. ORDER THEREON, 17th June 1881, No. 1,519 W.

THE papers read above give cover to statements of requirements of Superintending Engineers and Superintendents of Works on account of incomplete works of 1880-81 and of new works sanctioned but not yet commenced and which are recommended for execution in 1881-82.

2. The sum of Rs. 10,000 required for renewing the roofs of the north and south blocks of the old barracks at Poonamallee, has, as recommended by the Superintending Engineer, Second Circle, been provided by transfer from the appropriation made in the budget for the barracks for European troops at Poonamallee subject to the approval of the Government of India. A further sum of Rs. 4,573 has also been transferred from the grant for budget item I to admit of the completion of the undermentioned works which cannot be provided for from the Reserve—

- (a) Additions and alterations to new hospital at Poonamallee.
- (b) Additions and alterations to old hospital.

3. Under Provincial it has not been possible to provide for any uncommenced works, the balance under Reserve being only Rs. 38,416, which sum is hardly sufficient to provide for the most emergent incomplete works.

4. The Government fully recognize the importance of carrying out several uncommenced works now brought to notice, but regret that for financial reasons they are compelled to postpone them.

5. The Financial Department will authorise the Accountant-General to place at the disposal of the Public Works Department the sum of Rs. 6,052, required for the following works, from the sum of Rs. 50,000 alluded to in G.O., No. 2,168, dated 22nd November 1880, Financial Department:—

	RS.
Sub-Registrar's Office at Kumbakónam...	747
District Registrar's Office at Tanjore ...	4,000
Establishment charges ...	4,747
Tools and Plant ...	1,187
	118
Total ...	6,052

By this arrangement the sum of Rs. 13,107 applied for in G.O., No. 366 W., dated 10th February 1881, on account of the Registrar's Office at Tanjore will not be wanted.

6. The Financial Department will further authorise the Accountant-General to place to the credit of the Public Works Department the amounts required from the following sources:—

	RS.	
Convict Labor Fund ...	14,874	} By transfer to the credit of Provincial Funds.
Cattle Pound Fund ...	21,837	
Educational Building Fund ...	5,758	
Port Fund ...	4,768	

7. The Revenue Department have already been requested by endorsement No. 1,257 of 20th May 1881 to authorise the Conservator of Forests to place Rs. 11,132 at the disposal of the Executive Engineer, West Coast Division, on account of the Deputy Conservator of Forest's residence at Manantoddy.

8. Column 10 of the annexed statement shows the amount that has been appropriated in 1881-82.

9. It should be distinctly understood that no works other than those for which appropriations are now made should be proceeded with in the absence of the special orders of Government.

10. The attention of officers of the department is called to Rule III under paragraph 1,757 of the Code, from which they will observe that when the amount required to complete a work of a previous year is less than Rs. 500, no appropriation is necessary to cover the unexpended balance in the current year. The statements should not therefore include works of this character. By a little additional exertion towards the close of each financial year, the number of these works should be small.

No. 110. Endorsement of the Chief Secretary to Government, Marine Department,
dated 23rd August 1881, No. 1,426.

From J. H. TAYLOR, Esq., Lieut., B.N.R., Master Attendant, Administrative
Department, to the Chief Secretary to Government, Marine Department,
dated Madras, 19th August 1881, No. 7,498.

I HAVE the honor to bring to the notice of Government that the buildings of this
office are very much in need of repairs. The chunam of the ceiling is falling of in
some places on the desks of the clerks, and the whole place requires repairs, white-
washing, &c., as it is now some years since the Public Works Department has done
anything to it. The Marine Dispensary is also in a very bad state, and requires
to be attended to. The estimates as per margin had been received from the Superin-

Estimate for repairing the Marine Dis-	rs.	return, and although they were returned
pensary, dated 14th September 1880	97	some time back the work has not yet
Estimate for making thorough repairs		been put in hand for want of funds. That
to the lower and upper stories of the		officer stated in his last letter that, in
Master Attendant's Office, dated 11th		G.O., Public Works Department, No. 1,519
April 1881	3,700	W., dated 17th June last, the Financial
		Department was requested to authorise

the Accountant-General to place the necessary amount to the credit of his department
from Port Funds, and that as soon as intimation was received of funds being available
the work would be undertaken. It appears to this department that as both the Marine
Office and Marine Dispensary are buildings belonging to Imperial, the cost of repairs
should be met from the same source as hitherto, and I have to solicit the issue of the
necessary orders in view to the repairs being carried out without further delay. As
matters stand at present one half of the block of buildings, that portion pertaining to
the Custom House, has been white and color washed and repaired; the other half,
occupied by this department, looks dingy and dirty.

TRANSFERRED to the Public Works Department, with reference to G.O., No. 1,221,
dated 1st July 1881, Financial Department.

Read the following G.O., Public Works Department, dated 17th June 1881, No. 1,519 W.

THE Accountant-General will place at the disposal of the Public Works Department the sums mentioned in the 6th paragraph of the order; also Rs. 4,747 from the Reserve of Rs. 50,000 for Registration buildings. In separate orders of Government it has been stated that charges for Establishment and Tools and Plant in connection with Provincial Works must fall against the Public Works Provincial assignment for the year, which cannot be increased.
