GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

No. 182.

READ—G.O., dated 18th August 1882, Miscellaneous No. 2648, Revenue.

Read—the following Proceedings of the Board of Revenue, dated 17th July 1882, Miscellaneous No. 5407 :—

From W. LOGAN, Esq., Collector of Malabar, to the Secretary to the Board of Revenue, dated Calicut, 8th July 1882, No. 2018 :—

I have the honor to submit, for the information of the Board, the accompanying copy of a letter from the Executive Engineer in charge of the West Coast Division, from which it will be seen that the building formerly used as an office for the Deputy Collector located at Ponáni, and now used as the Taluk Cutcherry, District Munsif's Court and the Sub-Registrar's Office, is in such a state of disrepair that a new office for the Tahsildar is urgently required.

2. I beg that this matter may have the early consideration and sanction of the Board, and that orders may issue to the Public Works Department for the preparation of the necessary plan and estimate.

ENCLOSURE.

From Captain C. C. RAWSON, R.E., Executive Engineer, to the Collector of Malabar, dated Calicut, 6th July 1882, No. 598.

Referring to your letter No. 1284, dated 2nd May 1882, I have the honor to report that I personally inspected the building containing the Tahsildar's and District Munsif's Court and the Sub-Registrar's office at Ponáni on the 4th instant.

2. I consider that a portion of the roof of the subsidiary jail is in an unsafe condition. I told the Tahsildar of this, and informed him that prisoners should not be confined in that portion of the building a portion of the roof of which had fallen in. I request that you will issue an order to this effect to the Tahsildar. I consider the whole building to be in a very shaky condition : the stair-case leading up to the Munsif's Court has been both supported by buttresses and tied on to the main building with iron rods. The roof of the Tahsildar's Court and Treasury is in a very bad condition, much of the timber being quite rotten. The roof of the Munsif's Court is rather better, but not in good order ; the roof of the other buildings attached to the Tahsildar's Court are in very bad order.

3. The whole building requires reroofing, with new wood-work, and the building is so old and shaky that it is not worth such an expenditure.

4. The span of the Munsif's Court, an upstair room, is 35 feet. I consider that an upstair-house having such a large tiled-roof is extremely unsuited to an exposed position nearly on the sea beach.

5. In my opinion new buildings are required for the Courts of both the Tahsildar and Munsif, and a new Sub-Registrar's office to be attached to the new Taluk Cutcherry. Any urgent repairs required should be executed by the Tahsildar. The state of the roof is such that no repairs, short of entire renewal, by the Public Works Department would do any good.

Resolution—dated 17th July 1882, Miscellaneous No. 5407.

Submitted for the orders of Government. It is evident from the Executive Engineer's report that new offices are urgently needed at Ponáni.

The Collector will report whether, in his opinion, it is desirable to rent a building for the accommodation of the Tahsildar pending the construction of a new Cutcherry.

REVENUE BOARD OFFICE MADRAS.

Proceedings of the Board of Revenue,

Dated 17th July 1882.

No. 5207 Miscellaneous.

READ the following letter from W. Logan Esquire Collector of Malabar to the Secretary to the Board of Revenue Dated Calicut 8th July 1882 No. 2018:—

I have the honor to submit for the information of the Board the accompanying copy of a letter from the Executive Engineer in charge of the West Coast Division from which it will be seen that the building formerly used as an office for the Deputy Collector located at Ponani, and now used as the Taluk Kacheri, District Munsiffs Court and the Sub Registrar's Office is in such a state of disrepair that a new office for the Tahsildar is urgently required.

I

to be in a very shaky condition: the stair case leading up to the Munsiff's Court has been but supported by buttresses and tied on to the main building with iron rods. The roof of the Tahsildar's Court and Treasury is in a very bad condition, much of the timber being quite rotten. The roof of the Munsiff's Court is rather better, but not in good order. The roof of the other buildings attached to the Tahsildar's Court are in very bad order.

The whole building requires re-roofing with new wood work, and the building is so old and shaky that it is not worth such an expenditure.

The Space of the Munsiff's Court, an upstair room, is 35 feet. I consider that an upstair house bearing such a large tiled roof is extremely unsuited to our exposed position nearly on the Sea beach.

In my opinion new buildings are required for the Courts of both the Tahsildar and

and Munsiff, and a new Sub. Registrar's office to be attached to the new Taluk Cutcherry. Any urgent repairs required should be executed by the Tahsildar. The state of the roof is such that no repairs, short of entire renewal, by the Public Works Department would do any good.
