GOVERNMENT OF MADRAS.
MILITARY DEPARTMENT.

10th August 1882, No. 4238.

Military Buildings—Stables.

Read the following paper:—

No. 161. *From Colonel H. L. D. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department; dated Chepauk, 31st July 1882, No. 1608.*

With reference to G.O., No. 1551 W., dated 20th June 1882, I have the honor to submit an approximate estimate of Rs. 17,800 for building stables (for 50 horses) outside the Fort, together

One approximate estimate.
One plan.

with a plan of the stables and of the proposed sites.

2. In G.O., No. 1834 W., dated 18th July 1882, His Excellency the Commander-in-Chief approves of the suggestion to dismantle the outworks of the Fort, and it is proposed to place the stables in three blocks—one in front of the North-East Counterguard, the second in front of the East Lunette of the North Ravelin, and the third in front of the West Face of the North Ravelin. The floor of the stables is to be 2 feet above the highest flood level of the ditch, and the stables to be so aligned with reference to the approved armament of the Fort that each building shall be enfiladed by it.

3. The sites have been selected upon the ruling of the Government of India in G.O., No. 2232 W., of 8th September 1881, that buildings are not to be erected in the neighbourhood of Forts, and it is considered that the stables will be sufficiently far from the occupants of the Fort as to meet sanitary requirements. They will be further than the gas-works and outside the lines of the prevailing winds.

No. 531-E.

* Procs. of Govt., Military No. 3425, dated 7th July 1882.

Forwarded to the Military Department with reference to its endorsement, No. 2925,* dated 15th June 1882.

(By Order.)

OOTACAMUND,
4th August 1882.

(Signed) ROSS THOMPSON, Lieut.-Col., R.E.,
Acting Under Secretary to Government, P.W.D.

No. 162. ORDER THEREON, 10th August 1882, No. 4238.

The estimate, amounting to Rs. 17,800, for erecting stabling outside the Fort on the sites selected by the Superintending Engineer is approved, but the question of construction will be held in abeyance pending orders of the Government of India on the proposal to demolish the outworks of the Fort.
