GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads
Civil Works.

No. 9.

Read—the following papers:—

From Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 14th July 1882, No. 276.

In reply to your memorandum, No. 403 E, dated 12th July 1882, I have the honor to refer you to paragraph 6 of my letter, No. 273, dated 12th July 1882, in which I urge that the Kótagiri Ghât work should be under the Local Fund Board unless an extra Overseer is allowed for the Circle.

No. 9-A.

From R. W. BARLOW, Esq., President, Local Fund Board, Nílgiris, to the Secretary to Government, Public Works Department., dated Ootacamund, 25th August 1882, No. 12.

I have the honor to acknowledge your Acting Under Secretary's memorandum, No. 432-1 E, dated 22nd instant, drawing attention to your No. 432 E, dated the 17th ultimo, and beg to express my regret that the latter was not replied to sooner. Shortly after its receipt, I received confidentially a copy of G.O., No. 1928 W., (Public Works,) cancelling the proposed retransfer of the road from Kullár to Gúdalúr to the Public Works Department, which rendered transfer of the maintenance allotments unnecessary, but I overlooked that the portion regarding the expenditure of the grant of Rs. 10,000 for the Kótagiri Ghât Road still required an answer.

2. I enclose extract from a letter from the Local Fund Engineer, in which he expresses his ability to undertake the work, but a special Overseer will be needed to assist him, whose pay must be met from the special allotment. For my own part I should prefer for the reason stated in my No. 110 A., dated 1st instant, that these ghât works should be entrusted to the regular engineering establishment of the Public Works Department, but if the work is to be with the Local Fund Board I trust that the assistance promised in paragraph 2 of G.O., No. 1928 W., above quoted, may be extented to this ghât line also.

Enclosure.

Extract from the letter No. 59, dated 25th ultimo, from the Local Fund Engineer, Nilgiris, to the President, Local Fund Board, Nilgiris.

* * * * * * *

In regard to the Kótagiri Ghât I am prepared to undertake the special work proposed to be executed upon it on plans and estimates which I am ready to submit for the approval of the Chief or Superintending Engineer, Public Works Department.

No. 642/A E.

To the Superintending Engineer with a request that he will state his opinion as to the desirability or otherwise of this Department undertaking the work.

Ootacamund,
25th August 1882.

(Signed) R. H. SANKEY, Colonel, R.E.,
Secretary to Govt., P.W.D.

No. 9-B.

From Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Ootacamund, 26th August 1882, No. A.

With reference to your endorsement, dated 28th May, I have the honor to return the papers and to report that I consider it is not advisable that the special work of Kótagiri Ghât should be undertaken by this department, and most certainly it cannot be undertaken unless an extra Overseer is allowed to the division.

2. The Nílgiri Division has only just been formed, there are now to be started some special and heavy works and the Executive Engineer's time is and will be fully occupied; the top of the Kótagiri Ghât is 24 miles from Ootacamund and the Executive Engineer has no work near it. I need not point out the undesirability of this department taking up a small detached portion of road to execute special repairs (reforming I suppose a portion of the road) at a distance from the Executive Engineer's head-quarters and where he can have no command of labour, &c.

No. 10.

Order—dated 1st September 1882, No. 2255 W., Public Works.

Under the circumstances represented in these papers, the appropriation of Rs. 10,000 made in paragraph 7 of G.O., No. 1416 W., dated 6th June 1882, for the Kótagiri Ghât Road will be expended by the Local Fund Board, to whom the amount will now be transferred.

2. The work will however be inspected and reported on from time to time by the officers of the Public Works Department, as required in paragraph 2 of G.O., No. 1928 W., dated 31st July 1882.
