Military Works.

No. 69.

READ—the following letter from Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Chopauk, 1st September 1882, No. 2026 :—

With reference to G.O., No. 2081 W., dated 14th August 1882, I have the honor to report that the proprietor of the Vepery Lines, Cunniah Chetty, declines to receive the hospital and the land on which the lines were built, having applied to the Quartermaster-General's Department, for longer notice to quit, on the part of the Government.

2. I have therefore considered it necessary that for the present there should be a watchman to prevent damage to the hospital, as well as to the other buildings which the Government have proposed to retain.

3. The Executive Engineer is in communication with the Government Solicitor with a view to an arrangement being made with the proprietor. But Mr. Barclay writes that he has already sent correspondence to the Government, showing that, so far, Cunniah Chetty does not agree to make any reduction in the rent that he has received for the Vepery Lines.
