Read—the following G.O., dated 4th September 1882, No. 864, Judicial:—

Read—the following letter from G. HAMNETT, Esq., Inspector-General of Registration, to the Chief Secretary to Government, dated Madras, 26th August 1882, No. 1819:—

In my notes on the inspection of the Sub-Registry Office at Kampli in the Bellary District on the 7th January 1882, I remarked as follows:—

"The Sub-Registry Office was transferred from the Official to the Special Sub-Registrar in July 1881. The office is held in a portion of the Sub-Magistrate's Cutcherry measuring 8' x 10'. The accommodation is not only insufficient, but it is ill-adapted for the purpose. There is no security for the records, and parties complain that they have no place to sit in. The Registrar will report whether any action has been taken for providing the Sub-Registrar with a new office."

2. The Registrar has submitted the correspondence which has taken place on the subject between himself and the Sub-Registrar, and states that "taking all the circumstances urged by the Sub-Registrar into consideration, it is more desirable and expedient to obtain the sanction of Government for erecting an entirely new building on the standard plan and design than renting a building at a cost of Rs. 120 per annum."

3. The Sub-Magistrate's Cutcherry is situated in the heart of the town. It does not admit of improvement, and the locality is not a very desirable one for a public office. I have the honor to recommend therefore that the sanction of the Government may be obtained for the erection of a Sub-Registry office on the standard design on a suitable site outside of the town of Kampli.

To

The Honorable C. G. Master
Chief Secretary to
Government, Coimbatore.

Dated, Madras, 26th August 1882.

Sir,

In my notes on the inspection of
the Sub-Registry office at Kampli in the
Bellary District on the 7th January 1882,
I remarked as follows.

"The Sub-Registry office was
transferred from the official to the Special
Sub-Registrar in July 1881. The office is held
in a portion of the Sub-Magistrate's Cutchery
measuring 8' x 10'. The accommodation is
not only insufficient, but it is ill adapted
for the purpose. There is no security for
the

the records; and parties complain that they have no place to sit in. The Registrar will report whether any action has been taken for providing the Sub-Registrar with a new office."

2. The Registrar has submitted the Correspondence which has taken place on the subject between himself and the Sub Registrar, and states that "taking all the circumstances urged by the Sub Registrar into consideration, it is more desirable and expedient to obtain the sanction of Government for erecting an entirely new building on the standard plan and design than renting a building at a cost of Rs 120 per annum".

3. The Sub Magistrate's Cutcherry is situated in the heart of the town. It does not admit of improvement, and the locality is not a very desirable one for a public office. I have the honor to recommend therefore that the

the sanction of the Government ^{2/3/14} may be obtained for the erection of a Sub Registrar's office on the standard design, on a suitable site outside of the town of Kampli.

I have the honor to be
