GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

No 98.

READ—the following papers :—

G.O., dated 30th August 1882, No. 912, Revenue.

Read—the following Proceedings of the Board of Revenue, dated 4th August 1882, Miscellaneous No. 5866, on letter from the Collector of Chingleput, dated 1st July 1882, No. 302 :—

In reference to the Board's Proceedings noted in the margin, I have the honor to enclose two statements of compensation for lands taken up for public works for each of the half-years ending 31st December 1881 and 30th June 1882.

1. Memorandum, No. 686, dated 18th April 1882.
2. Memorandum, No. 2513, dated 9th May 1882.

2. I regret the delay in the submission of the return for last year. No complete registers showing the applications received, the claims settled and payments made, as well as those to be made, have been maintained in this office, from which the necessary compilation can at once be made. The statements now transmitted are not therefore as complete and accurate as they should be. I have now given instructions to open a register containing all the information required for the purpose, and hope to send a more satisfactory return for the coming half-year.

3. I have, as required in Board's Proceedings, No. 421, dated 11th March 1881, appended the prescribed certificate, but this I consider only *pro forma*, as no careful and proper registers have been preserved.

4. Most of the claims relating to roads constructed long ago have been lying unadjusted for want of funds; but as in G.O., Financial Department, No. 317, dated 31st March 1882, communicated with Board's Proceedings, Miscellaneous No. 3415, dated 12th May 1882, sanction was accorded for the disbursement of the large sum of Rs. 11,302-7-9, the necessary steps have been taken for their speedy utilization. As regards cases which are still outstanding, the needful explanation has been furnished in the remark column of the accompanying lists.

5. I take this opportunity of suggesting to the Board the propriety of adding a column to the two forms circulated with their Proceedings, No. 1974, dated 14th December 1880, showing the *amount* of compensation relating to each item therein shown. What is now entered gives particulars of the extent, &c., of the lands concerned and nothing is said regarding the value, &c., of each.

Received by the Collector of Chingleput on 1st July 1882

Resolution—

The progress made in the disposal of claims to compensation during the half-years ending 31st December and 30th June last was very small, as will appear from the figures in the margin. But of the 1,678 cases pending on the latter date, compensation had been settled in all but 18 cases which were under inquiry. In 1,120 cases funds have been lately provided and orders issued for disbursement, in 528 cases bills have been sent to the Public Works Department, and in the remaining 12 cases the parties concerned have not appeared to receive payment.

2. The lands required for the Kortalayár River embankment having been taken up already, the entry of this project in Statement No. 1 is unnecessary.

3. The Board do not consider it necessary to open an additional column in the form of Statement No. II, to show the amount of compensation, as proposed by the Collector in paragraph 5.

*Order—*dated 30th August 1882, No. 912, Revenue.

In a great number of cases it is stated that "funds (were) provided in May 1882, and that orders for payment will be issued shortly." It does not appear why the orders have been delayed.

2. Those cases in which it is stated that the claims await funds, for which application has been made to the Public Works Department, will receive attention in that department.

3. The Collector will be desired to enforce punctuality in the submission of these returns in future. The two Statements No. II are wrongly docketed.
