PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

No. 128.

READ—the following Proceedings of the Board of Revenue, dated 25th August 1882, No. 2143:—

Read—again the following Proceedings of the Board of Revenue, dated 26th July 1882, No. 1877:—

ABSTRACT.—Submitting to Government, with remarks, letter from the Collector of Malabar, reporting on the measures in force for the security of coins in the Huzur Treasury.

Read—also the following letter from W. LOGAN, Esq., Collector of Malabar, to the Secretary to the Board of Revenue, dated Calicut, 10th August 1882, No. 1296:—

I have the honor to enclose the plan of the wrought iron safe referred to in this office letter No. 1080 of the 12th July last.

ENCLOSURE No. 1—Plan.

Resolution—dated 25th August 1882, No. 2143.

The plan received with the foregoing letter is submitted to Government in continuation of Board's Proceedings, dated 26th July 1882, No. 1877.

2. The safe referred to will hold 24 lakhs of rupees in silver and cost Rs. 3,600. Now that orders have been issued which require all Government Treasuries to be made secure to the satisfaction of professional officers, and consequently large expenditure is likely to be proposed in order to render Collectors' and Tahsildars' Cutcherries susceptible of being certified as fit for the custody of treasure, the Board suggest that, in making proposals for improvements to these buildings, the officers of the Public Works Department should be instructed to consider whether a saving of expense might not be effected by constructing strong cases of the description to which Mr. Logan's plan relates.

(True Copies and Extract).

(Signed) E. GIBSON,
Acting Secretary.
