Sir,

I have the honor to forward for
Rs. 11,168 the sanction of Government an estimate
for Tools and Plant Provincial for the
Sangam Project for 1881/82 in lieu of that
sanctioned in G.O. No. 1803 W of 22nd July 1881.

2. The estimate includes Rs 9969 under
new supplies and Rs 1199 under repairs and
Carriage. All items of outlay up to 31st
March last are embodied in it.

3. Captain Campbell's original estimate
of Rs 7,910 which was sanctioned in the
G.O. above referred to, included only such
articles as were at first known to be
required and contained no provision for

Repairs and Carriage. The need of other articles was discovered as the work proceeded, but Estimates were not forwarded as they should have been.

4. If the present Estimate be sanctioned, the Examiner's objection under want of Estimates ~~is~~ will be removed.

5. I beg, therefore, to recommend that the Estimate be sanctioned.

I have the honor to be,
Sir,

Your most Obedt Servant.

The Chief Engineer,

Sir,

In reply to your endorsement
No. 505 E of the 31st ultimo, I have the honor
to report that, all the Tools and Instruments
in the enclosed Estimate for Saugam, were
obtained from the Public Works Stores.
The General Superintendent should
therefore be able to explain why the prices
charged differ from those in the Price List.

2. Captain Campbell has made out the
accompanying statement of articles where
the price of the articles is more than that of
the Price list, and states that he believes the
extra cost to be due to most of the articles
having been obtained from Calcutta. On this
point I have no certain information.

3. In my N. 84, 6 Ks of the 3rd Instant, ^X I brought to your notice that the Public ^{is in the piece} works Stone's Price list is no guide to the prices charged. Here is another instance to confirm the statement I then made.

I have the honor to be,

Sir,

Your most Obedt Servant.
