GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

No. 152.

READ—the following letter from J. W. RUNDALL, Esq., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department, dated Camp, Cowtaram, 31st August 1882, No. 1024 K.S:—

I have in my inspection reports on the Kistna Eastern and Western Divisions noted that the registers of buildings in these two divisions are incomplete. The Executive Engineers having been requested to have them brought up to date, the officer in charge of the Western Division has applied to me for orders as to whether *all* Government buildings in the late Guntúr Division should be included. We are not, as you are aware, in charge of any portion of the late Guntúr Division, and the only building on which we have recently carried out work is the Guntúr Jail.

2. Code, paragraphs 1,077 and 1,394, seem to me contradictory. They were probably drafted before the present rules, placing departmental officers in charge of their own buildings and of the execution of minor repairs to them, came into force.

3. Paragraph 1,077 says, that buildings in charge of the Department are to be entered in the register; paragraph 1,394 says, all public buildings subject to the orders of the Chief Engineer.

4. I request I may be instructed whether buildings in charge of Departmental Officers, and situated in localities from which the Public Works Department has been withdrawn (except for special services), are to be included in the register of buildings.

No. 153.

ORDER—dated 20th September 1882, No. 2437 W., Public Works.

The Superintending Engineer, Second Circle, will be informed that all public buildings for which the Public Works Department is responsible should be entered in the divisional registers, irrespective of whether such buildings are occupied by the Department or not. Attention is called to Code, paragraphs 310 to 313, which contain general rules affecting departmental intervention.

SEPTEMBER.

Nos. 152-153.

Public Buildings.

The Superintending Engineer, Second Circle, directed to enter in the divisional registers all — for which this Department is responsible, whether occupied by it or not.

No. 1024 Ks.

Superintending Engineer's Office,
2nd Circle, Camp Cuddapah
31st August 1882.

From

G.H.3/2

The Superintending Engineer,
2nd Circle.

To

The Chief Engineer,
Public Works Department.

Sir,

I have in my Inspection Reports on the Kistna Eastern and Western Divisions, noted that the Registers of Buildings in those Divisions are incomplete. The Executive Engineers having been requested to have them brought up to date, the Officer in charge of the Western Division has applied to me for orders as to whether all Government Buildings in the late Guntur Division should be included. We are not, as you are aware, in charge of any portion of the late Guntur Division, and the only Building on which we have recently carried out work, is the Guntur gaol.

2. Code paras 1,077 and 1,394 seem to me

Contradictory. They were probably drafted before the present rules placing Departmental Officers in charge of their own Buildings and of the execution of minor repairs to them, came into forces.

3. Para 1077 says that, Buildings in charge of the Department are to be entered in the Register; para 1394 says, all Public Buildings subject to the orders of the Chief Engineer.

4. I request I may be instructed, whether Buildings in charge of Departmental Officers, and situated in localities from which the Public works Department has been withdrawn (except for Special Services) are to be included in the Register of Buildings.

I have the honor to be,
Sir,
Your most Obt Servant

L. W. Rivaz

Superintending Engineer,
2nd Circle.
