20TH SEPTEMBER 1882, No. 2440 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From J. W. RUNDALL, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated Bezvada, 5th August 1882, No. 440 N.L. :—

I have the honor to forward, herewith, a revised estimate for the Kandukur sub-jail, amounting to Rs. 12,325, together with a comparative statement and explanatory memorandum by the Executive Engineer and two reports.

2. If the Executive Engineer's proposition be accepted and the unfinished latrine be converted into a ryot's shed, only Rs. 350 more than the present sanction will be required to complete the building.

3. As far as my experience goes, numerous latrines have been constructed throughout the Presidency in connection with these cutcherries which are never used, nor can they be used, unless an establishment is maintained to keep them clean. There are still many cutcherries on the standard plan to be built in various districts, and I would suggest district officers being called on to report whether it is necessary to continue building latrines which are never used.

No. 608 E.

Referred to the Judicial Department for approval and for consideration whether the ryot's shed may be omitted as suggested, the latrine being finished off to serve as such.

(By Order.)

Proceedings of the Board of Revenue, dated 2nd September 1882, Mis. No. 6818.

Read—official memorandum from the Acting Under-Secretary to Government, Judicial Department, dated 25th August 1882, No. 810.

Resolution—dated 2nd September 1882, Mis. No. 6818.

The Board agree with the Superintending Engineer. The construction of latrines is generally unnecessary, considering the small number of prisoners usually confined in sub-jails, and it is believed that such buildings are but rarely used for the purpose for which they are intended.

ORDER—dated 20th September 1882, No. 2440 W., Public Works.

The proposal to finish off the partly-built latrine at the Kandukur sub-jail Nellore district, to serve as a ryot's shed, having been approved in the Judicial Department, the building provided for in the estimate for the latter purpose need not be constructed. The excess over the original estimate sanctioned in G.O., Judicial Department, No. 1488, dated 11th August 1874, will thus be only Rs. 350, and this can be dealt with by the Superintending Engineer under para. 293, clause (c), of the Public Works Code.

2. The Proceedings of the Board of Revenue, communicated with the foregoing endorsement from the Judicial Department, will be communicated to all Superintending Engineers for information and guidance.
