GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

No. 160.

READ—the following letter from Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 20th June 1882, No. 1059 :—

With reference to your Circular memorandum No. 784 C., dated the 3rd April 1882, I have the honor to report that the Executive Engineers have made the following representations regarding their office establishments :—

The Executive Engineer, Buckingham Canal, is satisfied.

The Executive Engineer, Chingleput, is satisfied, provided he keeps the two additional clerks entertained as temporary and as sanctioned in G.O., No. 804 W. of 27th March 1882.

2. The Executive Engineer, South Arcot, considers his establishment to be very inadequate to cope with the current and accumulating mass of office work ; and he refers to six letters written by him between January and November 1880. The demand made by Major Smith is for the following additional hands for his office :—

2 Clerks.	1 Muchi.
1 Draughtsman.	2 Lascars.
1 Cashier.	

For the Chidambaram Sub-division additional—

1 Clerk.	1 Cashier.
1 Draughtsman.	

For the Tindivanam Sub-division additional—

1 Clerk.	1 Draughtsman.
----------	----------------

3. In the Chidambaram Sub-division there is at present a temporary establishment of—

1 Clerk.	1 Draughtsman.
----------	----------------

Also for the Pelandorai works—

1 Clerk.

So that for the present sufficient provision is made.

4. The Executive Engineer of the Presidency Division represents that he cannot keep pace with the demands made upon him, and asks for extra strength of—

2 Draughtsmen (one for Madras, one for Bangalore).
2 Clerks } for his own office.
1 Muchi }

5. The two Executive Engineers write strongly, pointing out that they have constantly a number of plans and estimates in preparation and that arrears gain ground although their establishments work to the utmost. The demands however appear to be greater than are likely to meet with acceptance, and I presume that any increased strength must be for the present "temporary."

Hence I would recommend that, in addition to the temporary establishment of the Chidambaram Sub-division, there might be given to the Executive Engineer of the South Arcot Division—

1 Clerk	...	Rs. 20
1 Cashier	...	35
1 Draughtsman	...	20

and to the Executive Engineer of the Presidency Division—

1 Clerk	...	20
1 Draughtsman	...	20

No. 161.

ORDER—dated 20th September 1882, No. 2441 W., Public Works.

The following temporary establishment is sanctioned for the Fifth Circle:—

<i>South Arcot Division.</i>			Rs.
1 Clerk, 4th Class, 3rd Grade	...	...	20
1 Cashier " 2nd "	...	...	30
1 Draughtsman, 3rd Class	...	...	20

<i>Presidency Division.</i>			Rs.
1 Clerk, 4th Class, 3rd Grade	...	...	20
1 Draughtsman, 3rd Class	...	...	20

2. The sanctions will expire at the close of the official year, unless renewed on further explanation of the necessity for their continuance.
3. The Superintending Engineer will report the exact sum to be allotted.
4. These sanctions have been registered as Provincial No. 35 W. of 1882-83, and classified as Establishment.
