ORDER—dated 20th September 1882, No. 2442 W., Public Works.

An additional temporary clerk on Rs. 15 per mensem was sanctioned in the order above read for each of the two sub-divisions of the Tanjore Division; but the large demand made by the Superintending Engineer for clerical assistance and draftsmen cannot be complied with. Such increases are not found necessary in other circles. There will be no objection, however, to one or two men being employed temporarily where most need of them may be felt, and where the Superintending Engineer is satisfied that their services are indispensable. They may in the first instance be engaged for a period of six months; at the end of which a report should be submitted of the nature and amount of work done by them. Should a continuance of their services be desired the necessity must be fully explained.

2. The Superintending Engineer is authorized to act on this order at once, reporting the numbers and rate of pay of the men engaged, and the amount required in the current official year to meet the charge—care should be taken to fix the pay in accordance with Code classification, and at the minimum rate.

No 1. G.O. No 1561 W of 21st
June 1882 apparently only
provides extra assistance
temporarily viz for the
current year — The
Supply Engr does not appear
to be doing this, and that
he wish to give him
permanent assistance.

far Budget needs
want him been supplied.

request Col Beatty to
submit a statement

As a rule I cannot
admit that a third
draftsman in an
Executive Engineer's Office

a Sub-division can expec-

circumstances be needed
if the observations in
Code para 964 be strictly

Additions to Divisional and Subdivisional offices

The permanent
scale of office estab-
lishments has been
fixed with reference
to a recognized classi-
fication and the
proper course would
seem to be, in the
event of permanent
additions being
necessary, to raise
an officer from a
lower to a higher
class. Unless this
principle is acted
on much trouble
will ultimately result
with Budget Estimates
and Accounts and
we shall never know
what the actual
strength of the estab-
lishments is.

As

As regards temporary
additions, these are
easily provided for
and can be sanctioned
whenever necessary.

I would suggest
that no permanent
additions be sanctioned
on the present repre-
sentations. If such
are really necessary,
Supty: Engrs: should
come up specially with
full explanations.

Captain Beatty's
proposals are very
expensive, and if they
are sanctioned in one
Circle, it will not be
long before facts are
called upon to admit
a similar scale in
others, with the usual
result that, after a
time, the charges for
Establishments will
be felt to be burdensome
some - and wholesale

Reductions will be
ordered. *very*

Perhaps it would be
best to dispose of the
papers separately for
each Circle, giving what
is asked for from the
grant for "Temporary
Establishments". But,
I am doubtful as to
the "extra Clerk and
one Draftsman" for
each Subdivision of
the 6th Circle, and a
"third Draftsman for
each Divisional office".

If the Supty: Engrs:
is asked to submit
a "tabular Statement",
sanction will probably
follow as a matter of
course.

I agree with him that
perhaps it would be
best to dispose of each
circle separately - giving
to each what is wanted
from the Grant for
Temporary Establishment

Colonel Beatty is
somewhat of a "large
order".

Summary of replies to
Ch. Engr's circular No 784 C
dated 3rd April 1882, asking
for Supply Division views as to
the necessity for strengthening
Divisional & Sub Divisional
Offices -

S.E.I. - The requirements
of this circle have been
met in G.O. No 1561 W of
21 June 1882.

S.E.II. - Recommends
one extra clerk on Rs
20 per mensem for
the Nellore Division &
one additional draftsman
on Rs 40 for the Sangam
Project Division

S.E.III. - Considers the present
office establishment of the circle
fairly sufficient for the
work.

S.E.IV. - Major Mead's re-
presentations are being
separately disposed of

S.E.V. - Recommends the
following additional

nection with Major Mead's letter

in the West Coast Division -

establishment -

South Coast - 1 Clerk Rs 20
1 Cashier - 35
1 Draftsman - 20

Presy Divn - 1 clerk - 20
1 Draftsman - 20.

SS VI - Colonel Beatty on
whose representations
the circular above quoted
was written, strongly
recommends that each
sub division in his
circle be allowed an
extra clerk and
draftsman, & that a
third draftsman be
allowed in each Divⁿ
office -

In G.O. No 1202 W of
11 May 1882, an addⁿ
temporary clerk on Rs 15
was sanctioned for each
sub Divⁿ of the Tanjore
Divⁿ, & for the rest of
his requirements, the S.D.
should apparently submit
a tabular statement in
the prescribed form to
show exactly what

is wanted.
