SUPERINTENDING ENGINEER'S OFFICE 2nd CIRCLE
STATION Masulipatam, 26th May 1882.

FROM,

THE SUPERINTENDING ENGINEER

2nd Circle.

TO,

THE Chief Engineer
Public Works Department.

Sir,

Enclosures.

In reply to your No 784.c of
the 3rd April, I have the honor to furnish
information regarding the Office Establish-
ment of each Division in this Circle.
Kistna Eastera. The Executive Engineer states,
that with the extra Establishment sanctioned
in G.O. No 743 of the 21st March he can
carry on the work of the Division and
Sub Division Offices, but asks for a Muchi
or Rs 10 for his own Office, as there is a great
deal of ruling to be done. I have in-
formed Mr Grant that, as the printed
forms are supplied by the Examiner for
all accounts, the Muchis formerly allowed
were purposely abolished.

Kistna Western. The Executive Engineer states, that he requires a stock writer to keep the manufacture and Rent accounts. We can however employ the necessary man, charging his pay to the manufacture and Carriage of stone and Lime. The Extra Establishment already provided under G.O. No. 743 W. of 21st March 1882 is sufficient.

Nellore Division. The Executive Engineer complains of the inefficiency of certain members of his Establishment, and says that, a Clerk on Rs 20 as a Record keeper is required. It is necessary to have one man in charge of the records and responsible for their systematic arrangement. I beg to recommend that an extra clerk on Rs 20 be allowed. Lieutenant Henderson also states that, as Stock transactions are very numerous, he requires a second man. The extra work in this case is due to numerous issues to the workshop, and I think it would be fair to charge the extra man required, to the general

working expenses of the shop ^{3 July 1883} which are covered by a percentage on the work turned out.

Sangam Project Division. The Executive Engineer reports that he requires an extra Draftsman, and I have no doubt that he will require one for some months to come. Nearly all the Project designs have to be revised and fresh plans and Estimates sent in. With the present Establishment, this cannot be done sufficiently quickly. I beg to recommend that an extra draftsman on Rs 40 be sanctioned for the rest of the current official year, say for 9 months.

I have the honor to be,
Sir,

Your most Obedt servant

J. W. Ramsall
