GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

No. 175-C.

READ—the following papers :—

From Colonel R. MURRAY, Director-General of Telegraphs in India, to the Secretary to the Government of Madras, Public Works Department, dated Simla, 21st July 1882, No. 1111 C/G :—

I have been unable to reply hitherto to your letter No. 1034 W. of the 26th April last, on the subject of establishing a telegraph office at Malapuram in Malabar, as I had to wait until alternate routes could be surveyed and estimates prepared.

2. I find that the best route for the line will be from Calicut *via* Beypore and Tirur to Malapuram, and the cost of this line will amount to about Rs. 15,800.

3. I must now refer you to my No. 856 C/G of the 22nd June last, to the Chief Secretary to your Government, on the subject of a proposed office at Anantapur, and with reference to that letter and to the memorandum which accompanied it, if the Malapuram office were established on the terms therein proposed (that is to say on the same terms as the Dévala office), the guarantee which I estimate would be necessary for the Malapuram office would be as follows, viz. :—

	RS.
Interest on capital cost	790
Maintenance	630
Wear and tear and depreciation of instruments, &c.	200
Total	1,620

besides free accommodation.

This Department would contribute as its share towards the guarantee the Signallers' pay, *vide* paragraph D of the memorandum, retaining per contra any receipts in excess of the sum of Rs. 1,620.

4. I do not anticipate that the receipts will amount to that sum for many years, and the Signallers' pay will therefore for those years be a complete loss to the Department; but if the office is considered necessary by the Madras Government I will apply to the Government of India to allow me to accept that loss as a debit to the departmental revenues.

No. 569 E.

From the Collector of Malabar, to the Chief Secretary to Government, Financial
Department, dated Calicut, 19th August 1882, No. 1377.

In reply to your official memorandum, dated 16th instant, No. 756, I have the
honor to inform you that the available balance of Moplah fines on this date is
Rs. (2,766-12-10) two thousand seven hundred and sixty-six Annas twelve and
Pies ten.

Order—dated 14th September 1882, No. 947, Financial.

Retransferred to the Public Works Department.

2. It is considered that the balance (Rs. 2,766-12-10) of the *Mápillá Fine Fund*
may appropriately be devoted to this purpose as far as it will go; subsequent charges
being debited to Provincial.

No. 175-D.

ORDER—dated 22nd September 1882, No. 2455 W., Public Works.

The Director-General of Telegraphs will be requested to arrange for the erection
of the line to Malapuram on the limited guarantee system, the payments under which
are estimated at Rs. 1,620 per annum. They will be met as directed in the orders in
the Financial Department printed above.

2. His Excellency the Commander-in-Chief offers the use of Soldier Signallers,
the acceptance of which would obviate the loss to the Telegraph Department referred
to in paragraph 4 of the letter from the Director-General of Telegraphs.

3. The Superintending Engineer will submit a plan and estimate of the cost of
erecting a building for an office, should no suitable place be available.
