SCHEDULE of the probable requirements on account of — for 1883-84.

2492/6

C.A. W4

1 – It is not known if the Additions to the Post Office at Bangalore for which provision was made in the Budget for current year will be completed before the close of March 83. If not, provision will have to be made in the Statement of Demands.

2 – In the budget for current year Rs. 12,500 is provided for Opening the bars at Ennore and Covelong. The provision of Rs. 10000 for 1883-84 will be allowed to stand. No provision is made for Minor Works and Repairs under Salt. It would be well to retain the sums provided in the current year. The Salt Commissioner's letter refers, I think, only to new works —

3 – G.O. No. 2260 W. of 14.9.81 is put up. But the work is not entered in this Statement of Demands.

23/9

SAW.

1 – If the work has not been brought forward by the D.G. it need not be included

2 No provision should I think be made for

Salt Works. as the Commr. says he does not require any in the P.W. Budget. He will doubtless arrange for execution of his own minor works & Repairs under "Petty Construction & Repair". He should be asked however to make certain - the Schedule being sent forward meanwhile: If found that provision is reqd. it can be made in the Budget the G. of I being advised beforehand.

3 - You will doubtless look to this -

If S.W. approves, the Schedule can issue. W is too busy to go into the matter and R has no previous acquaintance with the subject

Herewith the statement of probable requirements on account of Imperial Other Services for 1883-84, compiled from the papers received - The Commissioner of Salt Revenue states "that no salt works are proposed to be entered in the P.W. Budget for 1883-84"; but as the Covelong and Ennore Bars are opened and maintained by the P.W. Dept. Rupees 10,000 have been entered for these works, subject to approval. Rupees 7000 have been entered under Repairs Postal, as the grant this year (R. 5000) has been found to be insufficient.
