No. 211.

READ—the following papers:—

From Major J. PENNYCUICK, R. E., Superintending Engineer, on Special Duty, to the Chief Engineer, Public Works Department, dated Bangalore, 14th September 1882, No. 94.—(Through the Chief Engineer for Irrigation.)

With reference to G.O., No. 1164 W., of 8th May 1882, I have the honor to request that the Examiner of Public Works Accounts may be authorised to pass the pay of the temporary establishment employed under me, up to the following dates, the period of three months for which the original sanction was given having expired on the 2nd instant:—

Clerk up to 15th September inclusive.
First Draftsman (Rs. 60) up to 5th September inclusive.
One messenger (Rs. 7) up to 15th " "

2. I also request that the pay of the clerk employed may be raised (for the whole period) from Rs. 40 to Rs. 50 per month, an increase which I consider has been fairly earned by hardwork and intelligence.

3. The clerical work turned out to be much heavier than I had expected, and I should have had to apply for permission to employ a second clerk had not Mahomed Abdul Aziz undertaken to do it all without further help, which has involved his working considerably longer hours than could reasonably be demanded, and saved to Government the pay of a second clerk, which would have much exceeded the additional salary now asked for.

4. While employed under me he has passed the examination required by the Public Works Code for situations with salaries exceeding Rs. 50.

No. 47 E.W.

Endorsement on the above.
