GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

No. 3.

READ—the following letter from D. C. GORDON, Esq., Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 11th September 1882, No. 94 W.:—

As the sanction accorded in the orders quoted in the margin to the retention, for a further period of twelve months from September 1881, of the temporary establishment costing Rs. 800 per mensem, employed in the preparation of the Capital and Revenue Accounts of Irrigation Works, will expire at the close of the current month, I have the honor to submit for the favorable consideration of Government the following proposals, with the request that I may be favored with early orders thereon.

G.O., No. 748 I., dated 31st October 1881.
Government of India's letter No. 212 A.E., dated 19th December 1881 G.O., No. 13 I., dated 5th January 1882.

1. A full report of the work done by this establishment during the eighteen months ending with 30th September 1881 was furnished with my letter No. 149 W., dated 24th October 1881, printed with G.O., No. 748 I., dated 31st October 1881, and for the progress since made I beg to refer you to paragraphs 41 to 47 of the memorandum which accompanied the Finance Accounts of the Irrigation Branch for the year 1881-82.

2. It will be seen that during the past two years the accounts of all the systems adverted to in G.O., No. 1504, dated 17th June 1876, have been completely revised; that of those completed the Revenue Accounts of the systems noted in the margin have been subjected to a further revision with reference to G.O., No. 440 I., dated 13th July 1881, in which it was directed that the old maintenance charges should be included in the calculation of profits; that the Capital and Revenue Accounts of the Buckingham Canal ordered in G.O., No. 1653 W., of 19th June 1879, have been opened and pushed on towards completion as far as the available materials would allow, and that the outlay on the other irrigation and navigation works, for which continuous records are to be kept (of which works 62 have been selected up to date), has been traced as far back as 1875-76 and the ascertained details classified.

Pennér Anicut System.
Cauvery Delta do.
Srivaikuntham Anicut System.
Pálár Anicut System.
Pelandorai Anicut System.
Chembrambakam Tank.

3. There therefore still remains the completion of the accounts of the Buckingham Canal and the further tracing of the expenditure on the irrigation and navigation groups.

4. To admit of these being brought up to date, and as speedily as possible, I beg to request that you will obtain the sanction of the Government for the retention of the full complement of the existing establishment to the end of the current

5. To admit of these being brought up to date, and as speedily as possible, I beg to request that you will obtain the sanction of the Government for the retention of the full complement of the existing establishment to the end of the current

official year. A provision at Rs. 800 per mensem has already been passed in the year's budget for this establishment, and therefore no reference to the Government of India on the subject is necessary—*vide* G.O., No. 13 I., dated 5th January 1882.

6. With reference to paragraph 8 of my letter No. 149 W., dated 24th October 1881, and previous correspondence quoted therein, I beg to submit herewith for sanction a tabular statement of the proposed permanent establishment at a cost of Rs. 500 per mensem from 1st April 1883.

7. Having regard for the numerous changes that are being introduced in the Finance and Revenue Accounts, and the consequent frequent re-elaboration of forms in varied details, also for the efficient conduct of the work detailed in the following paragraph, I beg to say that it will not be possible to do with a smaller permanent establishment than that shown in the statement accompanying.

8. As far as it can be seen at present the current work of the permanent establishment, costing Rs. 500 per mensem, now applied for will comprise :—

(1.) The preparation and submission, of the several periodical returns and accounts noted in the margin.

(a.) The monthly returns of State of Sanctions.

(b.) The half-yearly return of Capital Expenditure.

(c.) The Annual Finance Accounts.

(d.) The Administrative Account.

(e.) The Individual Accounts of Productive Public Works.

(f.) The Financial Statements for the Secretary of State.

(2.) The maintenance of the current account of the systems and groups of works whose past accounts have been completed.

(3.) The preparation of the Capital and Revenue Accounts of works for which such accounts may hereafter be ordered (among this may be included the Protective Public Works).

(4.) Responding to the frequent calls for miscellaneous information regarding Irrigation Accounts (old and current) from the Government of India, Madras Government, Chief Engineer for Irrigation, and other local officers.

9. Soliciting early orders.

G.O., 2nd Oct. 1882, No. 2561 W.

OCTOBER.
Nos. 3-4.

Establishment of the Examiner
of Public Works Accounts.

The retention of the temporary — till the
end of the current official year and an
eventual permanent addition to his office of
18 clerks sanctioned with remarks.

2.9. A
2561
The accompanying
letter from C. has been
sent up to this office
as it concerns the
Investigation Accounts.
though as the Establish-
ment in question
will all be changed to
Provincial, the applica-
tion will be disposed
of by a Workes Order.
The retention of the
present temporary
Est^t till the end of the
current year may,
I suppose, be recom-
mended for sanction.
But the proposed
increase from the
beginning of 1883-84 to
the permanent Est^t
of C's office might perhaps
be left for consideration
the B. & C. at a later date
instead of being
specifically sanctioned.

now. The question is
as regards a permanent
increase to the work
of the ~~est~~ office, & this
could be then considered
with reference to the
office establishment
as a whole.

It is certainly erroneous
to enter the ^{preparation of the} Finance
& Administrative

Accounts, which are
the only really important
items entered in para
D 1(a) of C's letter, as
forming a portion of the
duties of the proposed
new permanent
est^t, as these are
essentially part of
the ordinary duties
of C's office.

He may require an
increase to his est^t
to carry out current
work, but I feel sure
that the extra work
involved in simply

maintaining the Capital
& Revenue Acct^s now
being brought up to
date by a Special Est^t
will not require 16
clerks & a monthly
expenditure of Rs 500

13/9 ^{5/} 2561 C

To W.

I have nothing to say with
subject. I think C must
be the best judge of his own
requirements.

Dr

To,

The Secretary to Government,

Public Works Department.

No. 94 W.

Madras, 11th September 1882.

Sir,

As the sanction accorded in the orders quoted in the margin to the retention for a further period of twelve months from September 1881 of the temporary Establishment

* G.O. No. 748 I. dated 31st. October 1881.	} costing Rs. 800 per mensem employed in the preparation of the Capital and Revenue
Government of India's letter No. 212 A. E. dated 19th. December 1881. G.O. No. 13 I. dated 5th. January 1882.	

Accounts of Irrigation Works will expire at the close of the current month, I have the honor to submit for the favorable consideration of Government the following proposals with the request that I may be favored with early orders thereon.

2. - A full report of the work done by this Establishment during the eighteen months ending with 30th. September 1881 was furnished with my letter No. 149 W. dated 24th. October 1881 printed with G.O. No. 748 I. dated 31st. October 1881, and for the progress since made I beg to refer you to paras 41 to 47 of the memorandum which accompanied the

Finance Accounts of the Irrigation Branch for the year
1881-82.

3. It will be seen that during the past two years the Accounts of all the Systems adverted to in G.O. No. 1504 dated 17th. June 1876 have been completely revised; that of those completed, the Revenue Accounts of the Systems noted in the

Penner Anicut System
Canvery Delta do
Srivaikuntham Anicut System
Palar Anicut System
Pelendorai Anicut System
Chembrambakkam Tank.

} margin have been
subjected to a
further revision with
reference to G.O. No.

440 I. dated 13th. July 1882, in which it was directed that the old Maintenance Charges should be included in the calculation of profits; that the Capital and Revenue Accounts of the Buckingham Canal ordered in G.O. No. 1053 W. of 19th. June 1879 have been opened and pushed on towards completion as far as the available materials would allow and that the outlay on the other Irrigation and Navigation Works for which continuous records are to be kept (of which works 62 have been selected up to date) has been traced as far back as 1873-76 and the ascertained details classified.

4. There therefore still remains the completion of the Accounts of the Buckingham Canal and the further tracing of the expenditure on the Irrigation and Navigation groups.

5. To admit of these being brought up to date, and as speedily as possible, I beg to request that you will obtain the sanction of the Government for the retention of the full complement of the existing Establishment to the end of the current official year. A provision at Rs. 800 per per mensem has already been passed in the year's Budget for this Establishment, and therefore no reference to the

Government of India on the subject is necessary - vide G.O. No. 1311, dated 5th. January 1882.

6. With reference to para 8 of my letter No. 149 W. dated 24th. October 1881, and previous correspondence quoted therein, I beg to submit herewith for Sanction a tabular Statement of the proposed permanent Establishment at a cost of Rs. 500 per mensem from 1st. April 1883.

7. Having regard for the numerous changes that are being introduced in the Finance and Revenue Accounts and the consequent frequent re-elaboration of forms in varied details, also for the efficient conduct of the work detailed in the following paragraph, I beg to say that it will not be possible to do with a smaller permanent Establishment than that shown in the Statement accompanying.

8. As far as it can be seen at present the current work of the permanent Establishment costing Rs. 500 per mensem now applied for will comprise:-

- | | |
|---|---|
| (1) The preparation and submission of the several | |
