Explanation of necessity for Modification of Allotments.

A Sum of Rs 1,000 is surrendered from the allotment of Rs 2,000 under Civil Buildings, as it is not required for expenditure during the current year.

2. An estimate amounting to Rs 1,500 has been sanctioned by me for closing breaches in the Masulipatam Sea Dyke under Provincial Repairs Miscellaneous Public Improvements. It is requested, therefore, that the amount above surrendered may be transferred to this head, and an additional allotment of Rs 500 given from the Reserve.

3. The breaches in the sea Dyke were caused by the heavy floods in the Kistna in July. The closing of these breaches should be completed before the North East monsoon sets in, and the work has been put in hand in anticipation of the transfer being sanctioned and extra allotment given.

No. 76.

ORDER—dated 12th May 1882, No. 1209 W., Public Works.

With the papers read above the Superintending Engineers submit statements of the estimated requirements for the current official year in lump sums for Minor Works, Repairs and Tools and Plant for each division.

2. The sums available under Imperial Military and Other Services are as follows :—

		Imperial.	
		Minor Works.	Repairs.
		RS.	RS.
Military	...	19,911	2,75,000
Other Services	Postal ...	13,484	5,000
	Telegraph ...	6,452	3,000
	Salt ...	1,550	8,000

3. From these sums allotments are made as per statement marked A, leaving, as it will be observed therein, balances which will form the reserves with Government under the several heads concerned.

4. Under Provincial in the case of Repairs, and Tools and Plant it will be seen from the statement marked B that the distribution works up to the totals as entered in Parts II and IV of the Final Issue of the Budget.

5. Out of the reserve of Rs. 4,81,163 (Final Issue) under Original Works, Civil Buildings, Rs. 42,915 have now been allotted to the several divisions for Minor Works, leaving Rs. 4,38,248 still at the disposal of Government. Rs. 27,627 are also held as a reserve with Government under Tools and Plant, thus making a total reserve of Rs. 4,65,875.

6. The distribution made in the statements marked A and B are in supersession of those shown in the different budgets circulated with the orders noted in the margin.

G.O., No. 3082 W., dated 12th December 1881.
" " 3120 W., " 16th " "
" " 104 W., " 12th January "

7. The grants applied for by Superintending Engineers have been reduced in several cases in order to keep within the totals allotted in the several budgets for Minor Works and Repairs.

8. No provision has been made in the Imperial Budget under Repairs, Miscellaneous Public Improvement, as all items connected with repairs to light-houses, &c., are transferred to Port Funds—*vide* G.O., No. 2452 W., dated 5th October 1882. Funds under that head must, therefore, be applied for separately.

9. The Consulting Architect will submit a special application, naming the works for which funds to the extent of Rs. 2,000 applied for under Excluded Local are required, no funds being available under that head in the Public Works Department.

10. The reserves applied for by the Superintending Engineer, Fifth Circle, have not been granted, but such requirements as may be found necessary will, on application, be met from the reserves at the disposal of Government.

11. The General Superintendent, Public Works Workshops, not having submitted a statement of requirements for Provincial Funds, the amount allotted to his division are the same as entered in the Preliminary Issue of the Provincial Budget.
