READ—the following papers :—

G.O., dated 6th September 1882, Mis. No. 1219, Judicial.

Read—the following letter from the Inspector-General of Registration, dated 27th August 1882, No. 1890 :—

I have the honor to annex extracts from my notes of inspection of the Sub-Registry Offices at Chevayur, Taliparamba, Kúttaparamba and Tirurangádi, in the district of Malabar, and to request that the sanction of the Government may be obtained for the erection of new offices at those stations on the standard design.

2. The design does not provide for ceiling the record-room, but from what I saw during my recent inspection of the offices previously built, I think that it is very necessary that the record-room of every office built with a tiled-roof should be ceiled.

3. The offices at Chevayur and Tirurangádi are both important offices, and should be built close to the Taluk Cutcheries, and if possible completed during the current official year.

"Chevayur.—This office was last inspected by Mr. Ramiengar on the 27th February 1879. It is now held in the upper rooms of a Moplah bazaar, at some distance from the Taluk Cutcherry. The arrangement is most objectionable. A new office should be provided with as little loss of time as possible. The office is a very important one and steps ought to have been taken at an earlier date to place it in a building which would be more or less proof against incendiarism.

"Taliparamba.—The office is held in a portion of the Taluk Cutcherry which has been lately screened off in consequence of a row between the Deputy Tahsildar, Sub-Magistrate, and the Sub-Registrar. The records which are lodged in four almirahs are kept in a small room attached to the office. The place was dark on the occasion of my inspection, and it is ill-ventilated. A new office is much needed at this station.

"Kúttaparamba.—The office is held in a Local Fund school-house at a monthly rental of Rs. 5, it is situated a mile away from the Sub-Magistrate's office which is close to the travellers' bungalow and the village of Kúttaparamba. There are four almirahs and the records are arranged properly. A new building is required; it should be built where the Sub-Magistrate's Cutcherry is to be permanently located.

"Tirurangádi.—The office is held in a rented building at Rs. 8 a-month. The building is said to be about a quarter of a mile away from the Taluk Cutcherry. It is a very important office and the holding of it in the upper rooms of a Moplah house is by no means a satisfactory arrangement. The Sub-Registrar advocates the removal of the office to Parpanangádi. The Railway station, four miles distant, and the station of the District Munsif. The Collector will be addressed on the subject, but as a rule it is very desirable that the registration office should be where the Taluk Cutcherry is."

Order—dated 6th September 1882, Mis. No. 1219, Judicial.

Approved and transferred to the Public Works Department.

Sir,

Enclosures.

With reference to G. O. No. 676.W, dated
16th March 1882, I have the honour to report
that the Deputy Collector, Cumbum states
that the ground on which the Sub Division
Office at Cumbum is situated, was acquired
by the P. W. Department some years ago under
Act X of 1870; that no claim for compensa-
-tion has yet been made, and that as
the whereabouts of the owner are not known
the ground becomes the property of the Govern-
-ment.

2. He further adds that steps have
been already taken for the conversion of
the ground in question into village site

so that when this has been sanctioned
there would be no necessity for payment
No of yearly assessment for the ground.

From Captain H. H. COLE, R.E., Curator of Ancient Monuments in India,
to the Secretary to the Government of India, Home Department, dated
Simla, 20th July 1882, No. 333.

In reply to your No. 100 of the 4th instant, asking when I purpose visiting
Amaravati in Madras, I have the honor to inform you that I intend taking Amaravati
as early as possible during the approaching tour season. As you are aware my tour
last season was much shortened by obligatory examinations for promotion, and it is
all the more necessary for me to economise my time, by systematically inspecting, in
convenient sequence, the many monuments in India which I have to visit.
