2. *Regular Estimate for* 1881-82.—As remarked by the Board of Revenue there is a slight difference between the President's opening balance and that of the Accountant-General, which the Board adopt. But the Government also observe that the closing balance of 1880-81 exceeds the Board's opening balance for 1881-82 by Rs. 522. As already observed in connection with the budgets of other circles, the figures should be identical. The information supplied regarding the Land-cess collections is imperfect, as the demand is only shown for the last seven months and not for the entire official year. It is not understood how the Board obtain the figure of Rs. 24,394 for the current collections during the first five months. From paragraph 3 of the Vice-President's memorandum it appears that the total collections, current and arrears, up to the 31st August 1881, were Rs. 38,101, and that Rs. 54,500 were then in arrears. The Vice-President adds that "the demand for the first four instalments of the current fasli up to 31st March 1882 is Rs. 37,000." The total amount of these three sums, viz., Rs. 1,29,601, would therefore appear to be the total demand, current and arrears, for the official year. The anticipated collections (Rs. 90,000) are only 69 per cent. of this demand; while, if the last seven months be taken alone, the rate of collection is not calculated to exceed 56 per cent. The Government cannot but regard this state of things as eminently unsatisfactory. An increase of Rs. 1,894 appears under Miscellaneous Receipts chiefly due to fees levied at the weekly markets of Nellakkottai and Virupatchy and to contributions from the ryots of Palni. As observed by the Board of Revenue the particular work for which contributions were raised should have been specified. The proposed transfers, amounting to Rs. 4,722-5-0 and Rs. 120, respectively, from "New Works" to "Repairs," are approved. Credit has not been taken for the over-credits to be repaid from Land Revenue, nor has the amount payable under the Court's decree to Mr. Putman been shown as an item of expenditure. These transactions should be duly exhibited in the accounts.

3. *Budget Estimate for* 1882-83.—The Land-cess estimate is put down at Rs. 90,000, which is only 75 per cent. of the total demand. The Vice-President will in future give the particulars of Land-cess in the form marginally noted as a foot-note to the Regular and Budget Estimate Statements. The cost of the Engineering establishment is excessive, being 31 per cent. of the expenditure on works. The provision for Tools and Plant under Grant I, calculated at 2½ per cent., should be Rs. 1,090 and not Rs. 1,230. The entry will accordingly be corrected and the excess Rs. 140 added to the balance. The Road Fund share of this item being Rs. 1,060, the total expenditure under Road Fund will be Rs. 66,680, and the balance Rs. 10,120.

Particulars of Land-cess for the Official Year 188 -8 .

——	Demand.	Collection.	Balance.
Current ..			
Arrears ..

4. In paragraph 5 of the President's letter he proposes to reduce the provision made by him for Results Grants, viz., Rs. 7,000, by Rs. 2,500 and to allot Rs. 1,000 out of this towards the Local Fund contribution to the Madura Normal School, provision for which had been omitted. The Board of Revenue had clearly overlooked this portion of the President's letter when calling for explanation on the subject. The contribution of Rs. 1,000 to the Normal School should now be provided and will go to swell the General Fund deficit.

5. The Revenue Board's revision of the allotments under Grants III and IV is accepted.

6. The General Fund of the circle, notwithstanding all possible retrenchments, closes thus with a deficit balance of Rs. 8,970, and the unallotted balance of the Road Fund is only Rs. 10,120. The state of the circle renders it imperative that its finances should be placed on a more satisfactory footing. For this purpose the Board of Revenue propose that the Land-cess should be raised from 9 pies to the maximum of 1 anna. This would yield an additional income of Rs. 27,000, out of which Rs. 18,000 would go to the Road Fund and Rs. 9,000 to the General Fund. The President has already in a separate communication, as well as in his letter submitting the budget, advocated the establishment of new toll-gates at four places in the circle, from which he anticipated an income of Rs. 20,000 wholly debitable to the Road Fund. The correspondence on the subject is marginally noted. Considering the present state of the General Fund the Government prefer the proposal of the Board of Revenue as tending to improve the condition of both funds. The enhancement of the Land-cess is sanctioned accordingly, and the President will be informed of the sanction by telegram.

7. The budget will be revised with reference to the foregoing remarks.

RESOLUTION—dated 9th September 1882, No. 2252.

The Budget Estimate of the Dindigul Circle for 1882-83 is circulated to all officers concerned.

2. *Paragraph* 2 *of the Government Order.*—The sum of Rs. 24,394 is the amount shown as current collections in the Demand, Collection and Balance Statement for August 1881 submitted by the Collector. The President's attention is drawn to the remarks of Government on the laxity of Land-cess collections in the circle.

3. *Paragraph* 3 *of the Government Order.*—The alterations directed to be made in the provision for tools and plant have been made.

4. *Paragraph* 4 *of the Government Order.*—Rupees 1,000 are provided as ordered on account of contribution to the Normal School at Madura.

5. *Paragraph* 6 *of the Government Order.*—The President is requested to submit without delay a revised budget for the current year, taking credit for the amount realizable on account of the increased rate of Land-cess and including all the transactions noticed in the concluding part of paragraph 2 of the Government Order.

2. *Regular Estimate for* 1881-82.—As remarked by the Board of Revenue there is a slight difference between the President's opening balance and that of the Accountant-General, which the Board adopt. But the Government also observe that the closing balance of 1880-81 exceeds the Board's opening balance for 1881-82 by Rs. 522. As already observed in connection with the budgets of other circles, the figures should be identical. The information supplied regarding the Land-cess collections is imperfect, as the demand is only shown for the last seven months and not for the entire official year. It is not understood how the Board obtain the figure of Rs. 24,394 for the current collections during the first five months. From paragraph 3 of the Vice-President's memorandum it appears that the total collections, current and arrears, up to the 31st August 1881, were Rs. 38,101, and that Rs. 54,500 were then in arrears. The Vice-President adds that "the demand for the first four instalments of the current fasli up to 31st March 1882 is Rs. 37,000." The total amount of these three sums, viz., Rs. 1,29,601, would therefore appear to be the total demand, current and arrears, for the official year. The anticipated collections (Rs. 90,000) are only 69 per cent. of this demand; while, if the last seven months be taken alone, the rate of collection is not calculated to exceed 56 per cent. The Government cannot but regard this state of things as eminently unsatisfactory. An increase of Rs. 1,894 appears under Miscellaneous Receipts chiefly due to fees levied at the weekly markets of Nellakkottai and Virupatchy and to contributions from the ryots of Palni. As observed by the Board of Revenue the particular work for which contributions were raised should have been specified. The proposed transfers, amounting to Rs. 4,722-5-0 and Rs. 120, respectively, from "New Works" to "Repairs," are approved. Credit has not been taken for the over-credits to be repaid from Land Revenue, nor has the amount payable under the Court's decree to Mr. Putman been shown as an item of expenditure. These transactions should be duly exhibited in the accounts.

3. *Budget Estimate for* 1882-83.—The Land-cess estimate is put down at Rs. 90,000, which is only 75 per cent. of the total demand. The Vice-President will in future give the particulars of Land-cess in the form marginally noted as a foot-note to the Regular and Budget Estimate Statements. The cost of the Engineering establishment is excessive, being 31 per cent. of the expenditure on works. The provision for Tools and Plant under Grant I, calculated at 2½ per cent., should be Rs. 1,090 and not Rs. 1,230. The entry will accordingly be corrected and the excess Rs. 140 added to the balance. The Road Fund share of this item being Rs. 1,060, the total expenditure under Road Fund will be Rs. 66,680, and the balance Rs. 10,120.

Particulars of Land-cess for the Official Year 188 -8 .

——	Demand.	Collection.	Balance.
Current ..			
Arrears ..			
Total ..			

4. In paragraph 5 of the President's letter he proposes to reduce the provision made by him for Results Grants, viz., Rs. 7,000, by Rs. 2,500 and to allot Rs. 1,000 out of this towards the Local Fund contribution to the Madura Normal School, provision for which had been omitted. The Board of Revenue had clearly overlooked this portion of the President's letter when calling for explanation on the subject. The contribution of Rs. 1,000 to the Normal School should now be provided and will go to swell the General Fund deficit.

5. The Revenue Board's revision of the allotments under Grants III and IV is accepted.

6. The General Fund of the circle, notwithstanding all possible retrenchments, closes thus with a deficit balance of Rs. 8,970, and the unallotted balance of the Road Fund is only Rs. 10,120. The state of the circle renders it imperative that its finances should be placed on a more satisfactory footing. For this purpose the Board of Revenue propose that the Land-cess should be raised from 9 pies to the maximum of 1 anna. This would yield an additional income of Rs. 27,000, out of which Rs. 18,000 would go to the Road Fund and Rs. 9,000 to the General Fund. The President has already in a separate communication, as well as in his letter submitting the budget, advocated the establishment of new toll-gates at four places in the circle, from which he anticipated an income of Rs. 20,000 wholly debitable to the Road Fund. The correspondence on the subject is marginally noted. Considering the present state of the General Fund the Government prefer the proposal of the Board of Revenue as tending to improve the condition of both funds. The enhancement of the Land-cess is sanctioned accordingly, and the President will be informed of the sanction by telegram.

C. No. 1476 of 1882, Board's Proceedings, dated 27th May 1882, No. 3758 Miscellaneous.

7. The budget will be revised with reference to the foregoing remarks.

RESOLUTION—dated 9th September 1882, No. 2252.

The Budget Estimate of the Dindigul Circle for 1882-83 is circulated to all officers concerned.

2. *Paragraph* 2 *of the Government Order.*—The sum of Rs. 24,394 is the amount shown as current collections in the Demand, Collection and Balance Statement for August 1881 submitted by the Collector. The President's attention is drawn to the remarks of Government on the laxity of Land-cess collections in the circle.

3. *Paragraph* 3 *of the Government Order.*—The alterations directed to be made in the provision for tools and plant have been made.

4. *Paragraph* 4 *of the Government Order.*—Rupees 1,000 are provided as ordered on account of contribution to the Normal School at Madura.

5. *Paragraph* 6 *of the Government Order.*—The President is requested to submit without delay a revised budget for the current year, taking credit for the amount realizable on account of the increased rate of Land-cess and including all the transactions noticed in the concluding part of paragraph 2 of the Government Order.
