PUBLIC WORKS DEPARTMENT.

No. 42.

READ—the following papers :—

G.O., dated 13th September 1882, No. 935, Judicial.

Read—the following letter from G. C. VARADACHARLU, Registrar of Cuddapah, to the Inspector-General of Registration, dated Cuddapah, 2nd September 1882, No. 190 :—

I beg to request that early steps may be taken to obtain the sanction of Government for the construction of an office building, on the standard design for the use of the Special Sub-Registrar of Pulivendla.

2. The Sub-Registrar now holds his office in a part of the Taluk Cutcherry. This is an old building, incommodious, ill-ventilated, and inconvenient in every way. Bad as it is, it now accommodates not only the Tahsildar and his establishment, but also serves as a station-house for the Police. The room spared for the use of the Sub-Registrar is the front part of a verandah next to the entrance, the other part being occupied by the Tahsildar.

3. With the Police in front and the Tahsildar next by, and the large number of ryots and others that are the inseparable appendage of a Tahsildar's Cutcherry, it is scarcely necessary for me to point out the inconvenience which the Sub-Registrar must feel in getting through his work, not to mention those of the parties resorting on business to his office.

4. Estimates for the construction of a separate building for the Taluk Cutcherry at Pulivendla were sanctioned by Government during the past year. I addressed the Executive Engineer to let me know if there was any likelihood of the new building being taken up soon, and whether any provision was made in the estimates for the Sub-Registrar's accommodation. In replying to the second question in the negative, he has informed me that no funds have been provided for the purpose this year. In these circumstances, therefore, the necessity for a separate building for the use of the Sub-Registrar cannot be obviated.

T. No. 2788.

Endorsement on the above.

Submitted with recommendation that the sanction of the Government may be obtained for the erection of a Sub-Registrar's Office at Pulivendla on the standard design, close to the new Taluk Cutcherry.
